Air Quality Compliance Calendar for Dry Cleaning Facilities in Lane County, Oregon
2026

LRAPA's Mission:
To protect public health, quality of life and the environment as a leader and advocate for the continuous improvement of air quality in Lane County.

Lane Regional Air Protection Agency (LRAPA)
1010 Main Street
Springfield, OR 97477
Phone: 541-736-1056 or 877-285-7272
Fax: 541-726-1205

Introduction

The State of Oregon, the Oregon Department of Environmental Quality (DEQ), and the Lane Regional Air Protection Agency (LRAPA) have developed this calendar for use by Oregon dry cleaner facilities to assist in compliance with all requirements. This calendar provides general information and tools. Please note that official and full language of all applicable LRAPA Rules and Regulations and permit conditions are the actual enforceable language. A copy of your registration should always be available on site.

LRAPA Title 34 – Stationary Source Notification Requirements
LRAPA Title 37 – Air Contaminant Discharge Permits
LRAPA Title 37, Table 1 Section 37-8010 – Activities and Sources
LRAPA Title 37, Table 2 Section 37-8020 – Air Contaminant Discharge Permit
LRAPA Title 37, Table 3 Section 37-8030 – Cleaner Air Oregon Specific Activity Fees
LRAPA Facility Forms & Resources

The following information is from DEQ Hazardous Waste Department for your information and use along with the LRAPA Air quality information provided.

Dear Dry Cleaner,

Welcome to 2025! We hope it will be a good year for you, your family, and your business. This calendar is designed to help you comply with LRAPA and DEQ requirements, and to keep perc from impacting the health of your employees, your neighbors, and the environment. There are some common violations that LRAPA and DEQ find when inspecting perc dry cleaners. Are you making any of these mistakes? Check now to avoid hassles and fines in case you get inspected this year.

Leak Checks
Use your leak detector, do a careful check each week, and mark the results in this calendar.If you get a "beep", investigate - is there a gasket going bad? A leaky connection? Walk outside before you turn on your leak detector, so it calibrates in clean air.

Records
Keep records on site at your place of business for 5 years, including compliance calendars, perc purchase receipts, hazardous waste disposal records, and repair records.
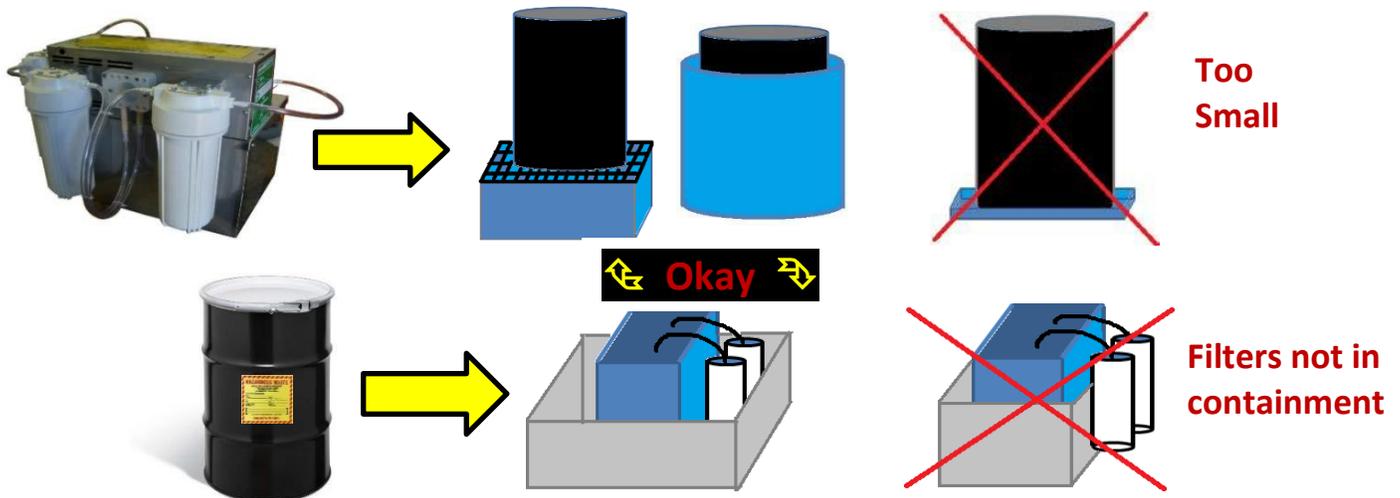

Hazardous Waste
Is your hazardous waste drum labeled with the accumulation start date, the first date whenwaste was put into that drum? Waste can be kept on site for up to 1 year. You can request an extension from DEQ for up to 1 more year, by emailing them at drycleanerinfo@deq.oregon.gov.

Secondary Containment
Hazardous waste drums and wastewater treatment units must have secondary containment that will hold 110% of the volume of the container.

Too Small

Okay

Filters not in containment

Want more details? A copy of your Air Quality permit conditions is included at the end of this calendar. Also, remember that your annual report and fee payment must be received by LRAPA on or before **March 1st, 2026.** If you have any questions, please contact us at permitting@lrapa-or.gov or 541-736-1056.

Hazardous Waste

Enter waste generated **monthly**

Cartridge filters replaced		*# of filters*
Still bottoms generated		*pounds*
Lint, wastewater filters		*pounds*
Wastewater evaporated and/or collected in bucket		*gallons*
Wastewater treatment unit filter changed (*enter date*)		
Carbon Adsorbers (*enter dates CA Desorbed*)		

Waste Containers Labeled & Dated?	Y	N
Containment equipment inspected? *Dry cleaning machine pan seal, wastewater treatment unit, waste containers, and new solvent*	Y	N
