Meeting ID: 240 733 233 033 8

Passcode: Us9rS9ft

In-Person Participation

LRAPA

1010 Main Street

Springfield, Oregon 97477

[Note: Start times for agenda items are approximate]

CALL TO ORDER:

- 1. Call to Order/Roll Call (12:15 p.m.)**
- 2. Adjustments to Agenda (12:15 p.m.)**
- 3. Public Participation (time limited to three minutes per speaker) (12:20 p.m.)**

A. Comments on an Item on Today's Agenda

B. Comments on a Topic Not Included on Today's Agenda

(Note: This is an opportunity for the public to bring up unscheduled items. The Board may not act at this time but, if it is deemed necessary, place such items on future agendas. Issues brought up under this agenda item are to be limited to three minutes speaking time by the person raising the issue. If additional time is necessary, the item may be placed on a future agenda.)

- 4. Comments from Board Members** *(Note: This is an opportunity for Board Members to bring up unscheduled items regarding today's public comments, and/or written/electronic comments they have received. The board may not act at this time but if it deems necessary place such items on future agendas.)*

- 5. Approval of Meeting Minutes (12:25 p.m.)**

Action

- A. Heather Gravelle
- B. July 10, 2025 Meeting Minutes
- C. Board Discussion

- 6. Citizens Advisory Committee (12:30 p.m.)**

Information

- A. Kelly Wood
- B. Report
- C. Discussion

- 7. Approval of Financial Reports (12:40 p.m.)** *Action*
- A. Christina Ward
 - B. June & July 2025 Financial Reports
 - C. Board Discussion
- 8. Federal Grant Status Update (12:50 p.m.)** *Information*
- A. Travis Knudsen & Christina Ward
 - B. Report
 - C. Board Discussion
- 9. FY 27 Local Partner Dues Calculation Review (1:00 p.m.)** *Action*
- A. Travis Knudsen & Christina Ward
 - B. Report
 - C. Board Discussion
- 10. Resolution 25-04 Board Designated LGIP Account (1:20 p.m.)** *Action*
- A. Travis Knudsen
 - B. Report
 - C. Resolution 25-04
 - D. Board Discussion
- 11. Permitting & Federal Standards Rulemaking (1:30 p.m.)** *Information*
- A. Travis Knudsen & Max Hueftle
 - B. Report
 - C. Board Discussion
- 12. Directors Report (1:50 p.m.)** *Information*
- A. Travis Knudsen
 - B. Report
 - C. Board Discussion
- 13. Adjournment (2:00 p.m.)**

We endeavor to provide public accessibility to LRAPA services, programs, and activities for people with disabilities. People needing special accommodations to participate in LRAPA public hearings such as assistive listening devices or accessible formats such as large print, Braille, electronic documents, or audio tapes, should please contact the LRAPA office as soon as possible, but preferably at least 72 hours in advance. For people requiring language interpretation services, including qualified ASL interpretation, please contact the LRAPA office as soon as possible, but preferably at least 5 business days in advance so that LRAPA can provide the most comprehensive interpretation services available. Please contact the LRAPA Nondiscrimination Coordinator at accessibility@lrapa-or.gov or by calling the LRAPA office at 541-736-1056.

Nos esforzamos por proporcionar accesibilidad pública a los servicios, programas y actividades de LRAPA para personas con discapacidades. Las personas que necesiten adaptaciones especiales, como dispositivos de asistencia auditiva, formatos accesibles como letra grande, Braille, documentos electrónicos o cintas de

audio, deben comunicarse con la oficina de LRAPA con al menos 72 horas de anticipación. Para las personas que requieren servicios de interpretación de idiomas, incluyendo la interpretación calificada de ASL, comuníquese con la oficina de LRAPA al menos con 5 días laborables de anticipación para que LRAPA pueda proporcionar los servicios de interpretación que sean lo más completos disponibles. Para todas las solicitudes, envíe un correo electrónico al Coordinador de Antidiscriminatoria de LRAPA a accessibility@lrpa-or.gov o llame a la oficina de LRAPA al 541-736-1056.

**BOARD OF DIRECTORS
MEETING MINUTES
SEPTEMBER 11, 2025
MEETING VIA TEAMS / LRAPA OFFICE, SPRINGFIELD OREGON**

ATTENDANCE	
BOARD PRESENT:	STAFF PRESENT:
Howard Saxion, Chair	Travis Knudsen, Executive Director
David Loveall, Vice-Chair	Lance Giles, Technical Services Manager
Bryan Cutchen	Max Hueftle, Operations Manager
Jared Hensley	Rachelle Nicholas, Administrative Manager
Matt Keating	Matt Sorensen, Public Affairs and Project Manager
Michael Johnston	Colleen Wagstaff, Enforcement Manager
Dylan Plummer	Christina Ward, Finance Manager
Jim Settelmeyer	Heather Gravelle, Environmental Coordinator
Alan Stout	Marcia Miller, Permit Writer
	Jaime McEvoy, Environmental Coordinator
	Mandy Ramirez, Field Inspector/Compliance Officer
	Robbye Robinson, Finance Specialist
BOARD ABSENT/EXCUSED:	OTHERS PRESENT:
None	Kelly Wood, Chair, Citizens Advisory Committee (CAC)
	Jim Daniels, CAC Member
	JoJo Breslin
	Rebecca Chapman
	Michael Zhang
	Kaylee Sweet
	Laura Colby
	Charmane Landing
	Teresa Mueller
	Christian Winter
	Matt Ciaston
	Raevyn Thompson
	Jack Dodson
	Victoria (last name unknown)
AGENDA	ACTION
REGULAR MEETING	
1. Call to Order.	Chair Howard Saxion called the regular meeting to order at 12:15 p.m.

2. Adjustments to the Agenda.	None.
3. Public Participation. A. Comments on an Item on Today’s Agenda. B. Comments on a Topic Not Included on Today’s Agenda.	None. Travis Knudsen, Executive Director, shared there were people present at the Board meeting to provide input regarding the proposed e-commerce facility permit. He explained LRAPA's three-tier regulatory authority under the Clean Air Act and noted that LRAPA's Title 20 requires indirect source permits for facilities with over 250 parking spaces (more stringent than the state's 800-space threshold). While the Board sets local standards, neither the Board nor Director can unilaterally deny permits that meet regulatory requirements. The facility's public comment period generated over 300 comments, which staff is reviewing for substantive regulatory concerns and discussing potential permit modifications with the applicant. The public comment process exists due to Lane County's stricter standards and would not occur outside the county. No formal response to comments is ready, and the permit review remains ongoing. Chair Saxion then called upon both in-person and online participants who had signed up to testify regarding the Amazon e-commerce facility permit: Raevyn Thompson, Opposed. Cited studies from California (2021) showing Amazon distribution centers ranking highest in toxic emissions, and Washington state (2023) study finding increased air pollution exposure within 2 miles of delivery hubs. Raised concerns about traffic impacts (2,592 trips per day, one vehicle every 20 seconds for 20 hours), VOC emissions from trucks, and poor working conditions at Amazon facilities. Suggested considering electric vehicle requirements similar to California. Jack Didson, Opposed. Supported maintaining Lane County's stringent air quality requirements (250 parking space threshold vs. state's 1,000). Noted Eugene already deals with air pollution from wildfire smoke and other sources. Urged LRAPA to enforce existing strict air requirements on the proposed e-commerce facility, emphasizing the need to avoid additional air pollution and traffic impacts. JoJo Breslin, Opposed. Works at a local cancer clinic and has firsthand knowledge of healthcare system strain. Concerned about over 2,500 vehicle trips per day adding to on-road emissions, which already rank as the third-highest cancer-

causing factor locally (behind secondary emissions and biogenics). Emphasized environmental impacts on watershed and urged deeper examination of the permit.

Rebecca Chapman, Opposed. 325,000+ sq ft facility on 84 acres of farmland near Eugene airport, paving over 9 acres of wetlands, with 4 of 18 permits already approved. Facility would have 1,000 delivery truck parking spaces, 368 worker spaces, generating 2,592 daily trips for 20 hours/day, increasing Highway 99 traffic by 16%.

Cited air pollution concerns: 20 tons of particulate emissions and 39 tons of volatile organic compounds (including formaldehyde) annually. Noted Willamette Valley's vulnerability to heat domes, inversions, and wildfire smoke that cause pollution to stagnate. Mentioned additional concerns about road damage, air/highway traffic increases, and noise/light pollution affecting wildlife and local farms.

Kaylee Sweet, Opposed. Manages Native Foods Nursery employing 3-10 seasonal workers who work entirely outdoors. Business struggles to compete with immediacy culture while maintaining worker safety. When air quality exceeds safe levels, they must send employees home, sometimes for a week or more, preventing order fulfillment.

Concerned that increased ground and air traffic from the facility would worsen air quality and directly impact their ability to operate safely. Spoke on behalf of blue-collar workers county-wide who work outdoors.

Director Stout asked **Ms. Sweet** what criteria they use to determine safe working conditions for outdoor employees and whether they follow a specific air quality index (AQI).

Ms. Sweet responded that she provides masks for workers when the air quality is around 80 AQI, advises workers not to come in when the air quality exceeds 100 AQI, and mandates no work when AQI reaches 140 or higher.

Charmane Landing, Opposed. Eugene markets itself as "Track Town USA" with international visitors, and summer winds come from the north, making pollution reduction important since the air is already "murky" when driving in from coast/mountains.

Questioned whether the e-commerce facility would involve planes flying in, noting that a \$400,000 airport grant to study carbon emissions and reduction recommendations was denied under the new administration.

	Asked whether LRAPA would take over or fund such a pollution study, or if it wouldn't happen at all. Teresa Mueller, Opposed. Explained they did not plan to speak but provided a brief visual comment displaying a sign that read "Scram, Amazon." Chair Saxion thanked attendees for participating in the meeting and providing valuable public comment. Mr. Knudsen noted that people could sign up for the LRAPA newsletter, which includes all stationary source permits applications and opportunities for feedback. He explained public engagement was highly valued and that comments received would become talking points with the applicants.
4. Comments from Board Members.	Director Cutchen asked to take a moment to remember 9/11, honoring those we lost and reflecting on our nation's resilience. Director Plummer thanked those who attended the meeting to testify and those who submitted testimony regarding the Amazon e-commerce facility. He voiced his opposition to the facility, noting nearly 350 public comments against the project - the highest engagement in his three years on the board. Director Plummer cited environmental justice concerns for West Eugene's diverse, low-income communities who already face disproportionate pollution impacts. He noted Amazon's labor practices and called for permit rejection or requiring 100% electric fleet commitments. He suggested developing indirect source rules for warehouses similar to California's South Coast Air Quality Management District. Director Loveall supported the economic development opportunity, referencing a 1980s situation when Lane County rejected an aircraft manufacturer promising 1,000 family wage jobs due to nuclear-free zone policies. Director Loveall noted current financial challenges, including the county's \$6.8 million deficit, Eugene's \$15 million deficit, and Oregon ranking 39th out of 50 states for attracting new business. He stated that dismissing this development could be short-sighted given timber revenue losses. He added that AQI data showed Lane County only exceeded the moderate air quality index once in the past year.

	Director Keating thanked the public for their participation, noting this was the highest level of engagement he had seen in many years on the board. Director Keating raised a separate issue unrelated to the e-commerce facility, sharing anonymous complaints from Northeast Eugene residents about noxious chemical odors causing burning eyes, noses, and coughing. The residents believe the source is gravel operations at 3600 Wildish Lane, adjacent to the Willamette and McKenzie Rivers. Director Keating read the residents' concerns about dust, diesel exhaust, and pollution from heavy industrial traffic on North Delta Highway, as well as questions about permit renewals for sand and gravel extraction and asphalt operations. He requested this to become a future agenda item or that staff provide more information on the matter.
5. Approval of Meeting Minutes.	MOTION: Director Loveall moved, and Director Keating seconded to approve the July 10, 2025 Meeting Minutes. The motion passed unanimously.
6. Citizens Advisory Committee.	Kelly Wood, Chair of the Citizens Advisory Committee (CAC), provided the Board with an overview of the July 29, 2025 CAC meeting.
7. Approval of Financial Reports.	Christina Ward, Finance Manager, presented the Board with the June and July 2025 financial report. MOTION: Director Loveall moved, and Director Cutchen seconded to approve the June and July 2025 Financial Reports. The motion passed unanimously.
8. Federal Grant Status Update.	Mr. Knudsen provided the Board with the monthly status update on LRAPA's federal grant programs. Key highlights included: Financial Status: • TAG 1.0 Grant (ending November 2025): \$713,564 remaining of original \$4.94 million, with only 0.7% awaiting federal reimbursement • TAG 2.0 Grant (through August 2026): \$2.33 million remaining of original \$2.74 million, with only 0.2% awaiting reimbursement

	• EJG2G Grant: Officially terminated by EPA on March 21, 2025, with final closeout completed and all reimbursements received as of August 28, 2025 Both active grants remain well within the Board's established criteria of keeping no more than 25% of grant totals tied up in contractor payments or pending federal drawdowns. Discussion followed.
9. FY 27 Local Partner Dues Calculation Review.	Mr. Knudsen presented the proposed partner dues calculations for Fiscal Year 2027, explaining that this follows the methodology adopted by the Board in February 2025 using Consumer Price Index (CPI) adjustments. The proposal includes a 3 percent increase based on July 2025 CPI data. Director Keating noted the disparity in dues between jurisdictions and requested time to review the proposal with Eugene City Council and staff. He also asked for materials showing return on investment for each jurisdiction to help justify dues to their respective governing bodies. Mr. Knudsen explained that partner dues help LRAPA meet federal maintenance of effort requirements, demonstrating \$1.4 million in annual non-federal spending to maintain access to approximately \$350,000 in EPA grants. After further discussion, the Board reached consensus to defer action until the October meeting to allow members time to review the proposal with their respective jurisdictions.
10. Resolution 25-04 Board Designated LGIP Account.	Mr. Knudsen provided an overview of Resolution 25-04 establishing a Board Designated Reserve Account with the Local Government Investment Pool (LGIP) to address LRAPA's PERS unfunded actuarial liability of \$374,655. Ms. Ward noted that PERS doesn't recommend a side account for LRAPA's relatively small liability and that LGIP offers better interest earnings. Director Keating asked whether other boards within the state have similar flexible accounts attached to PERS liability. Ms. Ward responded that she couldn't answer definitively as she hadn't researched this approach elsewhere but explained the various options LRAPA had considered and why they selected the LGIP approach over establishing a direct PERS side account. Director Keating expressed appreciation for the account's flexibility but voiced concerns about future boards

	potentially redirecting funds away from the PERS liability purpose. Mr. Knudsen addressed these concerns by emphasizing that the annual September review process would provide structure and continuity through organizational transitions. Ms. Ward clarified that the funds are unappropriated reserves requiring board action and budget appropriation to spend. MOTION: Director Loveall moved, and Director Cutchen seconded to approve Resolution & Order 25-04, establishing a Board Designated Reserve Account with the Local Government Investment Pool (LGIP) in the amount of \$374,655. The motion passed unanimously.
11. Permitting & Federal Standards Rulemaking.	Mr. Knudsen and Max Hueftle, Operations Manager, presented a rulemaking proposal to update LRAPA's permitting requirements, federal standards, and associated fees. The rulemaking is driven by DEQ's August 15, 2025 adoption of updated federal standards, EPA requirements for Title 36 excess emissions rules approval, and the elimination of federal funding from EPA's 105 workplan for greenhouse gas programs. Key Proposed Changes: • Complete repeal of outdated Title 30 (Incinerator Regulations) and Title 39 (PM10 Contingency Plan) • Updates to multiple titles for federal standard alignment and administrative cleanup • Fee structure adjustments including greenhouse gas reporting fees and gasoline dispensing facility reclassification The fee adjustments address lost federal funding and align with DEQ's current structure. The changes are projected to generate approximately \$36,811 from revised GHG reporting fees and \$47,000 from reclassifying gasoline dispensing facilities, with additional revenue from a new Basic ACDP source category. Discussion followed.
12. Director's Report.	Mr. Knudsen provided a detailed review of the July and August 2025 Directors Reports. Highlights include air quality and operations; key achievements; community engagement; program performance and September priorities.

13. Adjournment of LRAPA Board Meeting.	Chair Saxion adjourned the LRAPA Board meeting at 2:00 p.m.
---	--

(Minutes recorded by Heather Gravelle)

Footnotes:

1. The General Fund Capital Outlay expenses related to the Building Remodel Project totaled \$1,289,990.40, coming in at \$9.60 below budget.
2. In FY25 we underbudgeted for the transfer from the Title V Fund to the General Fund. However, the overall expenses for the Title V Fund are below budget.
3. In FY25 we did not budget for these line items, therefore the spending is over 100% due to this error. However, the overall Grant Fund total expenditures are only 46% of the budgeted amount.
4. Total Expenditures for All Funds Consolidated totaled \$6,181,008, which is 75% of the budgeted amount.
5. The All Funds Net line on this financial report represents the "Revenue - Expenses" amount. At the end of each fiscal year, if this amount is a positive amount, our reserves balance will be increased by this amount. If this amount is negative, we have dipped into our reserves for the year. FY25 All Funds Net equals (\$862,661), meaning we used reserves during this fiscal year.

Footnotes:

1. The General Fund Personnel Services line item is elevated in July 2025 due to 2 employees completing a vacation buyout of 40 hours each. This has resulted in the total GF Expenditures being slightly over target for the month.

2. The Special Revenue Fund Personnel Services line item is elevated in July 2025 due to 2 employees completing a vacation buyout of 40 hours each. This has resulted in the total Special Revenue Fund Expenditures being slightly over target for the month.

3. The Grant Fund Personnel Services line item is elevated in July 2025 due to 2 employees completing a vacation buyout of 40 hours each. However, the Grant Fund Total Expenditures remain below target for the month.

LANE REGIONAL AIR PROTECTION AGENCY MEMORANDUM

To: Howard Saxion, Chair and LRAPA Board Members

From: Travis Knudsen, Executive Director

Date: September 11, 2025

Subject: Monthly Status Update - Federal Grant Programs – as of 8/31/2025

STAFF REPORT

ISSUE STATEMENT

This staff report provides the ongoing status update on LRAPA's federal grant programs as directed by the Board. The report includes financial information and progress updates for the Environmental Justice Government-to-Government (EJG2G) grant and Targeted Airshed Grants (TAG) supporting work in the Oakridge-Westfir area.

BACKGROUND INFORMATION

Following the Board's direction, LRAPA continues to administer federal grant programs provided that: (1) LRAPA maintains an active Terms and Conditions agreement for each grant, and (2) no more than 25% of any grant total is tied up in contractor payments or awaiting federal drawdowns.

FINANCIAL STATUS as of 8/31/2025

- **Targeted Airshed Grant 1.0** (November 2019 – November 2025)
 - Total grant amount: \$4,938,190
 - Spent to date: \$4,224,626.35
 - Remaining grant balance: \$713,563.65
 - Awaiting federal reimbursement (as of 9/3/25): \$36,307.23
 - Percentage of grant awaiting reimbursement: 0.7%
- **Targeted Airshed Grant TAG 2.0** (January 2022 – August 2026)
 - Total grant amount: \$2,739,425
 - Spent to date: \$405,131.19
 - Remaining grant balance: \$2,334,293.81
 - Awaiting federal reimbursement (as of 9/3/25): \$6,252.27
 - Percentage of grant awaiting reimbursement: 0.2%
- **EJG2G Grant – Terminated on 3/21/2025** (July 2024 – ~~June 2027~~ March 21, 2025)
 - Total grant amount: \$997,622
 - Spent to date: \$46,976.47
 - Remaining grant balance: \$0
 - Awaiting federal reimbursement (as of 9/3/25): \$0
 - Percentage of grant awaiting reimbursement: 0%
 - **IMPORTANT UPDATE** (March 21, 2025): The EJG2G grant has been officially terminated by the EPA. The final closeout documentation has been received by the EPA and the final grant reimbursement amounts have been received by LRAPA as of 8/28/25.

STAFF RECOMMENDATION

This is an informational item, and no formal motion is required. Staff recommend that the Board review this monthly progress update and note the termination status of the EJG2G grant.

**LANE REGIONAL AIR PROTECTION AGENCY
MEMORANDUM**

To: Chair Howard Saxion, and LRAPA Board of Directors

From: Travis Knudsen, Executive Director

Date: September 11, 2025

Subject: FY27 Partner Dues Calculation & Approval

STAFF REPORT

ISSUE STATEMENT

LRAPA needs to establish the Partner Dues for FY '27, well in advance of the budget adoption process, to give adequate time to communicate with each partner for future budget planning purposes.

BACKGROUND INFORMATION

LRAPA's IGA between partners outlines specific requirements and timelines for the dues process:

- By March 1: Board estimates total operational funding needs
- By April 15: Board notifies partners of estimated budget and apportionment
- By June 30: Board adopts approved budget for the following fiscal year
- July 15 and December 15: Semi-annual payments due (unless alternative schedule arranged)

During the February 2025 Board Meeting, LRAPA adopted a calculation methodology for Partner Dues for FY '26 and beyond. The methodology is as follows:

- Partner Dues will increase/decrease, using the average CPI for Lane County.
- The base cost per person for FY '26 is \$0.56, which will be used in the formula for calculating the new final rate for FY '27.
- The following formulas are used:
"FY26 Base cost per person" * (100% + "CPI Change") = "FY27 Base Cost per Person"
"FY27 Base Cost per Person" * "Current Partner Population" = "FY27 Partner Dues"
- For reference, FY26 Board Approved Partner Dues:

	2023 Population	Cost per person for '26	FY'26 Partner Dues
City of Eugene	177,899	\$ 0.56	\$ 98,851.36
City of Springfield	61,085	\$ 0.56	\$ 33,942.49
City of Cottage Grove	10,623	\$ 0.56	\$ 5,902.78
City of Oakridge	3,206	\$ 0.56	\$ 1,781.45
Lane County	128,368	\$ 0.56	\$ 71,328.96
Totals:			\$ 211,807.03

FY '27 PARTNER DUES CALCULATION

	2024 Population	Oregon's July 2025 CPI 12 Mo Change	Cost per person for '27	FY '27 Partner Dues
City of Eugene	178,786	3%	\$ 0.57	\$ 102,324.56
City of Springfield	61,182	3%	\$ 0.57	\$ 35,016.28
City of Cottage Grove	10,690	3%	\$ 0.57	\$ 6,118.21
City of Oakridge	3,158	3%	\$ 0.57	\$ 1,807.42
Lane County	128,580	3%	\$ 0.57	\$ 73,590.17
Totals:				\$ 218,856.63

NOTES:

Population numbers are taken from the US Census Bureau, with the most recent data published as of 7/1/2024. Updated population estimates will be published in May 2026.

Lane County's population number is 382,396, for the purpose of this calculation, the population of each of the city partners is deducted from the Lane County population.

The average cost per person in FY '26 is \$0.556.

The formula used to determine the cost per person for FY '27 is $\$0.556 \times (100\% + \text{CPI})$

The formula used to determine the FY '27 partner dues is $\text{Population} \times \text{Cost per person} = \text{Total annual dues}$.

STAFF RECOMMENDATION

Staff recommends that the Board:

- Approve the FY '27 Partner Dues as outlined above.
- Direct staff to engage with partner jurisdictions to discuss implementation for FY27, with particular attention to:
 - o Partner budget cycle alignment
 - o Implementation timeline to meet the April 15th notification deadline

RESOLUTION 25-04

RESOLUTION ESTABLISHING A BOARD DESIGNATED ACCOUNT WITH LGIP

WHEREAS, the Lane Regional Air Protection Agency (LRAPA) Board of Directors has identified a need to create a Board Designated Reserve Account with Local Government Investment Pool (LGIP), to safe harbor a portion of the agency's reserves for future use; and

WHEREAS, creating a Board Designated LGIP account will provide appropriate segregation and management of these reserves; and

WHEREAS, LRAPA participates in the Oregon Public Employees Retirement System (PERS) and has a proportionate share of the system's unfunded actuarial liability (UAL) totaling \$374,655; and

WHEREAS, while GASB Statement No. 68 requires disclosure of PERS UAL on financial statements, it does not mandate budgeting for the entire unfunded liability amount in current year budgets; and

WHEREAS, the Board of Directors has determined that establishing a PERS UAL reserve account demonstrates fiscal prudence while maintaining operational flexibility; and

WHEREAS, the Board retains the flexibility to modify the designation of these reserves should there be a financial need to use the funds for other expenditures without impact on operational needs.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Lane Regional Air Protection Agency that:

Section 1. Establishment of a Board Designated LGIP Account A separate Local Government Investment Pool (LGIP) account shall be established with "Board Designated" as the purpose.

Section 2. Initial Funding The amount of \$374,655, representing LRAPA's current PERS unfunded actuarial liability share, shall be transferred from existing agency reserves into the Board Designated LGIP Account during Fiscal Year 2026. There are no other board designations to be established at this time.

Section 3. Investment Account Designation and Policy a) The reserves within the LGIP account pursuant to Section 1 are hereby designated by the Board. b) These reserves shall be disclosed in the agency's Financial Statements in accordance with governmental accounting standards. c) The Executive Director is directed to establish formal policies and procedures for the management and use of the Board Designated LGIP Account.

Section 4. Account Management a) The Board Designated LGIP Account shall be maintained in a separate LGIP account to ensure proper segregation from other agency funds.

b) The Board retains full authority to modify the designation of these reserves through future Board action should operational or financial circumstances require.

Section 5. Reporting The Executive Director shall include the status and balance of the Board Designated LGIP Account in annual financial reports to the Board, and as needed, for the purpose of Board guidance on account balance and designations.

Section 6. Implementation This resolution shall take effect immediately upon adoption, and the Executive Director is authorized to take all necessary actions to implement the provisions herein.

Approved by the Lane Regional Air Protection Agency Board this 11th day of September 2025

Howard Saxion,
Chair

LANE REGIONAL AIR PROTECTION AGENCY MEMORANDUM

To: Howard Saxion, Chair and LRAPA Board Members

From: Travis Knudsen, Executive Director & Max Hueftle, Operations Manager

Date: September 11, 2025

Subject: Permitting and Federal Standards Rulemaking

STAFF REPORT

ISSUE STATEMENT

LRAPA staff seeks Board consensus to proceed with a comprehensive rulemaking to update permitting requirements, federal standards, and associated fees. This rulemaking addresses necessary regulatory updates including alignment with recent DEQ rulemakings, incorporation of updated federal standards, cleanup of outdated provisions, and fee adjustments to support program operations.

BACKGROUND INFORMATION

LRAPA's permitting rules and federal standards require periodic updates to maintain consistency with state and federal requirements, ensure adequate program funding, and improve regulatory clarity. The proposed rulemaking encompasses multiple titles within LRAPA's rules, addressing both technical updates and fee structure modifications.

Key drivers for this rulemaking include:

- DEQ's August 15, 2025, adoption of updated federal standards requiring corresponding LRAPA updates
- EPA requirements for approval of Title 36 excess emissions rules
- Need to update fee structures to address program costs and inflation
- Elimination of financial support from EPA's 105 workplan for GHG programs necessitating fee adjustments
- Opportunity to repeal outdated contingency rules and clarify existing requirements

PROPOSED CHANGES BY TITLE

<u>Title</u>	<u>Description</u>	<u>Key Proposed Changes</u>
Title 12	General Provisions and Definitions: basic rules and terms that apply to all LRAPA regulations.	- Cleanup and clarification of definitions - Administrative updates
Title 30	Incinerator Regulations: standards for solid waste, infectious waste, and crematory incinerators.	- Complete Repeal; adopt DEQ rules by reference - Eliminates outdated local standards - Ensures consistency with state requirements
Title 32	Emission Standards: general emission limits for various pollutants and sources.	- Cleanup and clarification - Administrative updates
Title 34	Stationary Source Notification Requirements: pre-construction review requirements.	- Cleanup and clarification - Streamline notification processes
Title 36	Excess Emissions: Requirements for reporting and managing emissions exceeding limits	- Further alignment with DEQ's August 15, 2025 changes - Ensure EPA approvability - Emergency defense for Title V facilities

Title 37	Air Contaminant Discharge Permits: permitting requirements and fee structures.	- Fee adjustments (see Financial Impact section) - Add new Basic ACDP category A.8 for VOC/HAP sources - Reclassify GDF from Fee Class 5 to Fee Class 4 - Administrative clarifications
Title 39	PM10 Contingency Plan: emergency measures for PM10 nonattainment.	- Complete repeal; area now in attainment - DEQ repealed corresponding rules in 2022
Title 44	Hazardous Air Pollutant Program: federal major and area source air toxics standards.	- Update to 2025 CFR - Incorporate DEQ's August 15, 2025 changes
Title 46	New Source Performance Standards: federal NSPS requirements	- Update to 2025 CFR - Incorporate DEQ's August 15, 2025 changes
Title 50	Ambient Air Standards and PSD Increments: air quality standards and increments.	- Update PM2.5 annual standard from 12 to 9.0 micrograms per cubic meter - Align with federal standards

FINANCIAL IMPACT

The proposed fee adjustments address the elimination of federal funding and align with DEQ's current fee structure as shown in OAR 340-216-8020 Table 2:

1. Greenhouse Gas (GHG) Reporting Fees for ACDPs

Current LRAPA Fee: If required to report GHGs, ACDP sources pay a fee of 12.5% of their annual permit fee for GHG reporting, with no maximum cap.

Proposed Change: Align with DEQ's current structure, which requires ACDP sources required to report GHGs to pay the greater \$500 or 20% of their annual permit fee, with a maximum capacity of \$9,000. This change compensates for lost federal funding for this work and aligns LRAPA's approach with the state.

Revenue Impact: This adjustment is projected to generate approximately \$36,811 in additional annual revenue. (Title V sources are unaffected by this fee adjustment.)

2. Fee Alignments with DEQ

Gasoline Dispensing Facilities (GDFs): This proposal reclassifies GDFs from General ACDP Fee Class 5 (\$209/year) to Fee Class 4 (\$630/year). This is a fee increase that aligns these sources with DEQ's classification and better reflects the staff time required for compliance and permitting. This change is expected to generate approximately \$47,000 in annual revenue across all ~112 GDF sources.

New Basic ACDP Source Category (A.8): This proposal adds a new category providing an option for a Basic ACDP for sources that have the capacity of 5 or more tons per year of direct PM2.5 or PM10 if located in a PM2.5 or PM10 nonattainment or maintenance area, or 10 or more tons per year of any single criteria pollutant that are not otherwise classified. A source subject to permitting from this category may be able to obtain a Basic ACDP under Part A. For sources that meet the criteria of Part A, the enforceable production or hours limitation in an issued ACDP may be used to demonstrate a permit is not required by Part B number 75 of Table 2, irrespective of the term 'uncontrolled'. This closes a regulatory gap and enhances program stringency. Sources in this new category would pay an annual fee of \$790. The total revenue impact will depend on the number of sources identified that meet this new requirement.

FEE STRUCTURE ANALYSIS

The fee adjustments are necessary due to multiple drivers.

- Federal Funding Elimination:** EPA has removed greenhouse gas related programs from LRAPA's Section 105 Base Grant's workplan, eliminating the agency's use of federal funding for this work.
- Fee Structure Alignment:** Follow state fee increases LRAPA fees have diverged from the state's structure, creating inconsistencies for sources operating in multiple jurisdictions in Oregon.

3. **Program Sustainability:** Rising operational costs and expanded regulatory requirements in a changing federal regulatory landscape.
4. **Inflation Adjustment:** Many fees have not been updated since 2010, losing significant purchasing power.

PUBLIC ENGAGEMENT PROCESS

The rulemaking will follow LRAPA's standard process, including consultation with the Citizens Advisory Committee, outreach to permit-holders for feedback, DEQ review for consistency, and formal public notice and hearing. As a State Implementation Plan (SIP) element, this rule also requires Environmental Quality Commission (EQC) and EPA approval. While the 12 to 18-month timeline for EPA approval is ambitious, it reflects the EPA Administrator's current emphasis on expediting SIP approvals.

These updates will ensure LRAPA can maintain essential air quality programs and regulatory alignment despite changes in federal funding.

STAFF RECOMMENDATION

Staff recommends that the Board approve the initiation of the formal rulemaking process to update Title 37 ACDP rules, including fee adjustments for GHG reporting and Cleaner Air Oregon activities, addition of new source categories, and administrative corrections. Staff will provide regular updates to the Board as the rulemaking process progresses and will ensure robust stakeholder engagement throughout the process.

MOTION OPTIONS

1. Approve the initiation of rulemaking to fully update the rules as described, directing staff to proceed with the formal rulemaking process.
2. Approve the initiation of rulemaking for fee updates only, postponing other administrative and technical changes to a future rulemaking.
3. Postpone the initiation of rulemaking and request additional information or analysis regarding the proposed changes.
4. Take no action at this time.

Director's Report for July and August 2025

Meeting Date: September 11, 2025
Department: Director's Office
lrapa-or.gov

Agenda Item No. 12
Staff Contact: Travis Knudsen
541-736-1056 ext. 217

I. EXECUTIVE HIGHLIGHTS

Key accomplishments, challenges, and priorities from the past month.

July and August demonstrated LRAPA's ability to address diverse air quality challenges, from mysterious regional odors to wildfire smoke intrusions. Air quality remained predominantly "Good" across Lane County, with monitoring stations recording 74 days of good air quality out of 93 total days across all sites. Oakridge experienced the highest AQI at 82 (Moderate) on August 27th.

The Agency responded to 114 air quality complaints in July-August. A particularly challenging situation emerged when 45 complaints described a strong "dog waste" odor spanning from Coburg to Cottage Grove and Thurston. Despite LRAPA's investigation including wind pattern analysis, business outreach, and coordination with multiple agencies, no definitive source was identified. The incident garnered significant media attention and demonstrated LRAPA's commitment to community response even for non-regulated odors.

Wildfire season activities intensified with multiple Oregon Wildfire Response Protocol meetings and two air quality advisories issued: one for ozone affecting the Southern Willamette Valley (August 22-25) and another for wildfire smoke impacting Eastern Lane County (September 2-7). The lightning-caused Emigrant Fire, which began August 24th in a remote area near Indigo Springs Campground, spread rapidly through the 2009 Tumblebug Fire burn scar and is expected to continue burning until winter precipitation arrives.

The e-commerce facility Indirect Source Construction Permit (ISCP) generated robust public engagement, with over 300 comments received during the public notice period. LRAPA is currently digesting these comments and working with the applicant, with formal responses forthcoming.

Community engagement was furthered with event participation and outreach. Specifically, the Springfield Block Party, where LRAPA staff connected with residents among the thousands of attendees. Additional outreach included the Oakridge National Night Out and successful acquisition of five Purple Air sensors from EPA to expand rural monitoring capabilities.

Organizationally, the Agency operates at 84% staffing capacity while actively recruiting for Finance Specialist and Environmental Engineer/Specialist positions, with plans to complete hiring this fall. The finance vacancy has impacted audit preparation, though auditors remain scheduled for their November office visit. The LINFO 3.0 database upgrade faces delays due to LCOG's developer vacancy, prompting exploration of freelance developer alternatives. The transition from Zoom to Microsoft Teams resolved audio issues but introduced video synchronization challenges being addressed with our AV contractor.

Looking forward, the Agency is preparing for the convergence of wildfire season, outdoor burning season and the upcoming home wood heating season beginning October 1st.

II. PROTECTING PUBLIC HEALTH & SERVING OUR COMMUNITY

Aligns with Customer/Stakeholder Perspective of the Balanced Scorecard framework and LRAPA's current goals 1, 2, and 5 which focus on public health protection, community engagement, and stakeholder relationships.

II.A. Air Quality Status & Trends for June 2025

*These metrics support **Goal 1 (Public Health Protection and Air Quality Education)** and **Goal 4 (Regional Air Monitoring and Analysis)**, tracking our performance against targets for "Good" and "Moderate" AQI days, data completeness, and timely reporting).*

July & August 2025

Site	Date	Max AQI	Pollutant
Eug/Spfld	26-Aug-25	64	PM
Oak	27-Aug-25	82	PM
CottGrv	26-Aug-25	62	PM

AQI	Eug/Spfld	Oak	CottGrv	AQI Range	PM2.5 Range, ug/m3	Ozone Range, ppb
Good	25	23	26	0-50	0-9	0-54
Moderate	6	8	5	51-100	9.1-35.4	55-70

1 - St. Vinnies Mattress Recycling Center		Asbestos	15	9	22	10	12	19
1 – Swanson Group Manufacturing		Miscellaneous	44	31	80	62	91	53
1 – Pacific Recycling		Unknown	74	71	45	65	79	111
1 – Aurora Innovations		Total:	765	798	725	587	601	542
1 – Nations Mini-Mix, Inc.								
1 – Delta Property Co.								
1 – Heather Oak Wood Products, Inc.								
Asbestos: 4								
Miscellaneous: 65								
55 - Unknown Odor								
7 - Fugitive Dust								
1 - Paint Fumes								
1 - Dryer Sheets								
1 – Generator Odor								
Total: 114								

*Notes: LRAPA received more complaints in July-August compared to June, increasing from 89 to 114. This included a collection of unknown odor complaints, increasing from 7 to 55. International Paper complaints decreased from 26 in June, to 8 in July-August.

II.C. Smoke Management & Wildfire Resilience

*This section aligns with **Goal 2 (Enhanced Wildfire Smoke Preparedness)**, tracking our smoke monitoring, advisory issuance, and coordination with state agencies, as well as smoke management activities for outdoor burning and home wood heating.*

Outdoor Burning, 2025-2026 Season

LRAPA regulates outdoor burning in Lane County to protect air quality and public health. Under Title 47, LRAPA has authority to regulate open burning practices, including determining when burns can occur. LRAPA aims to allow burning whenever possible while preventing air quality deterioration. Outdoor burning is only curtailed when monitoring or forecasts show potential for unhealthy air quality impacts.

Periods of Curtailment				
Start	End	Areas	Curtailment	Reason
-	-	-	-	-
-	-	-	-	-

Home Wood Heating, 2025-2026 Season

LRAPA regulates home wood heating under Title 16 to reduce PM2.5 emissions during periods of poor air quality. An advisory system (Yellow/Red Days) indicates when curtailment is needed. Yellow Day advisory request voluntary curtailment of wood burning except for those who depend on it as their primary heat source. Red Day advisories prohibit visible smoke from chimneys, with exemptions for economic hardship. Like outdoor burning, LRAPA only issues wood burning curtailment when air quality monitoring or forecasts indicate potential health impacts.

Periods of Curtailment		
Areas	Yellow Days	Red Days
Eugene/Springfield	-	-
Oakridge	-	-

For July and August 2025, no additional advisories were issued beyond those previously reported as air quality conditions remained favorable throughout the month.

Outdoor Burning Letter Permits, 2025-2026 Season

LRAPA has authority to issue outdoor burning letter permits under Title 47. These permits allow specified burning that would otherwise be prohibited. This program also supports ecological benefits of prescribed fire while protecting public health through strict oversight and timing. LRAPA coordinates closely with land managers to ensure burns are conducted with minimal air quality impacts.

Permit No.	Issue Date	Permittee	Location	Material	Volume
20B25-06-01	June 30, 2025	River to Ridges Partnership	85 units in Lane County	Ecological Burning	1456 acres

Wildfire Smoke Intrusions & Air Quality Advisories

LRAPA participates in Oregon's Wildfire Response Protocol for Severe Smoke Episodes, a coordinated system that connects federal, state, and local agencies during significant smoke events. LRAPA's role includes issuing local air quality advisories, coordinating public health messaging, and representing Lane County's interests in state-level response planning.

Air Quality Advisories Issued			
Start Date	End Date	Areas Affected	Primary Pollutant
08-22-2025	08-25-2025	Southern Willamette Valley	Ozone
09-02-2025	09-07-2025	Eastern Lane County	PM2.5/Wildfire

Oregon Wildfire Response Protocol for Severe Smoke Episodes Meetings		
Date	Topic	Advisory Issued
07-11-2025	Prep for Coordination Calls	n/a
07-16-2025	Review Active Wildfires	No
08-22-2025	Ozone & Flat Fire	Yes
08-25-2025	Flat Fire, Emigrant Fire, & OR Fires	No
08-27-2025	Emigrant Fire, Flat Fire, & OR Fires	No
09-02-2025	Emigrant Fire & OR Fires	Yes
09-04-2025	Emigrant Fire & OR Fires	Yes
09-05-2025	Emigrant Fire & OR Fires	Yes

II.D. Community Outreach, Education, & Building Partnerships

This section supports **Goal 5 (Partnerships and Interagency Coordination)** metrics for partner engagement and stakeholder communication, strengthening relationships with stakeholders and enhancing public understanding of air quality issues.

Oregon Dept. of Early Learning and Care Features LRAPA AQI Tool (July 16th, Online)

The Oregon Department of Early Learning and Care featured the Air Quality Index tool for children under 5, that was created in concert with Lane County Public Health Department and LRAPA. This tool was effectively shared with every childcare provider in the state of Oregon and demonstrates how LRAPA's efforts and partnerships are helping expand our positive impact and service to Lane County residents and Oregonians.

Supplemental Environmental Projects (SEP) Meetings (July 22nd to 30th, LRAPA office)

Matt Sorensen, Public Affairs Manager, met with potential SEP applicants to explain program details and discuss if their ideas for SEP projects would be a good fit for the program. Brock's Wood Lot, BRING Recycling, Cascadia Mobility, and the Center for Rural Livelihoods all made time to meet and ultimately submit a SEP project for consideration. The SEP program remains open for applications.

August 'Dog Waste' Odor Issue Across Eugene Springfield Area (August 1st to 16th, Eugene/Springfield Area)

Matt Sorensen was interviewed by three local news media stations regarding a very foul odor being noted across the region. LRAPA received 45 complaints between Aug. 1-16 describing a strong smell like dog waste. Reports came from as far north as Coburg to as far south as Cottage Grove and from East Thurston to West Eugene, primarily noting the smell late at night and in the early morning hours. LRAPA worked to determine the potential source of the odor: analyzing wind patterns for the two-week period to identify a potential source, contacting eight businesses that use organic materials or hold air permits, contacting the Oregon Dept. of Agriculture, interviewing local farmers about seasonal operations, and conducting odor tracking operations. LRAPA was unable to pinpoint a single source for the odors. Though LRAPA and the Oregon DEQ don't regulate odors, LRAPA chose to respond due to the high volume of complaints.

Oakridge Police National Night Out (August 5th, Greenwaters Park, Oakridge)

Matt Sorensen supported the Oakridge Police for their National Night Out event by hosting LRAPA's informational booth with a focus on AQI resources, wood stove resources, and sharing a variety of fun facts about air quality. Candy and prizes were made available for visitors. The event provided a great opportunity for LRAPA to engage with Oakridge police, EMTs, and other community agencies in addition to the community members that were in attendance.

Rivers to Ridges (R2R) Ecological Burn Group (August 6th and Sept. 3rd, LRAPA Office)

Matt Sorensen helped host the Rivers to Ridges ecological burn group led by Bryce Izlar from Willamalane and Sara Worl with the Long Tom Watershed Council to continue their preparation for the 2025 prescribed burn season with LRAPA under the River to Ridges (R2R) banner. The meeting was hosted at LRAPA's boardroom as part of our community outreach efforts.

LRAPA Secures 5x Purple Air Sensors from EPA (August, LRAPA Office)

Matt Sorensen was successful in securing 5x free Purple Air sensors for use in rural areas of Lane County to assist in expanding air monitoring capabilities where often there are none. A trip to Oakridge was made on Sept. 4th to replace three Purple Air sensors that had stopped working. The replacements were made at Oakridge Library, City Hall, and Orchid Health.

Springfield Block Party (September 5th, Downtown Springfield)

Colleen Wagstaff, Jaime McEvoy, Derek Bowen, Travis Knudsen, and Matt Sorensen all supported efforts to host a booth at the Springfield Block Party. The Block Party had over 11,000 guests and provided an opportunity to engage and educate well over 600 community members that visited the LRAPA booth. Educational opportunities focused on air quality resources like AQI apps, signing people up for the LRAPA email list, asbestos education, and a basic understanding of LRAPA's role in the community as the local air and asbestos Agency. LRAPA gave out our own specially wrapped candy as our swag. The booth was located next to the Simpson's mural on 5th street and was open to visitors from 4pm to 10pm.

III. MAINTAINING REGULATORY EXCELLENCE

Aligns with Internal Process Perspective of the Balanced Scorecard framework and LRAPA's current goals 3 and 4—ensuring compliance with air quality standards through effective monitoring, permitting, and enforcement.

III.A. Stationary Source Permitting Progress & Efficiency

*This section supports **Goal 3 (Public Health Protection and Air Quality Education)** metrics for permit issuance timeliness, permit backlog rate, and area NAAQS compliance.*

Permitted Sources

- Currently 15 sources hold a Title V operating permit in Lane County.
- Currently approximately 275 sources hold an ACDP.

Permits in Queue			
Category of Permit Activity	Title V	ACDP	Total In Queue
New	0	2	2
Renewals	1	15	16
Modifications	2	4	6
Constructions	-	-	-
Terminated Permits	-	-	-

Stationary Sources Permits Issued, Year-to-Date

- Title V Operating Permits: 2
- Air Contaminant Discharge Permits: 17

Permits on public notice from July 1 to August 31, 2025		
Source Name	Reason for Public Notice	Type of Permit
E-Commerce Facility	Required by rule	Indirect Source Construction Permit (ISCP), off public notice on 7/22/25
Metropolitan Wastewater Management Commission – Eugene/Springfield Water Pollution Control Facility	Required by rule	Standard Air Contaminant Discharge Permit (Standard ACDP) on public notice August 18 – September 22, 2025

Permit Backlog as of August 31, 2025			
Permit Type	Permits by Type	Permits Extended Administratively	Percentage of Total (%)
Title V	15	0	0%
Standard	24	5	21%
Simple	25	1	4%
Total	64	6	8%

III.B. Asbestos Program Oversight

*This section supports **Goal 3 (Public Health Protection and Air Quality Education)** initiatives related to operating the asbestos program, including inspections and rule updates. LRAPA protects public health from asbestos hazards through effective oversight and education.*

LRAPA administers the asbestos program in Lane County under title 43. This program regulates the handling, removal, and disposal of asbestos-containing materials to prevent public exposure to this hazardous substance. LRAPA reviews asbestos survey reports, processes abatement notifications,

conducts inspections, and enforces compliance with asbestos regulations to protect workers and the public.

Asbestos Notices		Year-to-Date↓				
Year	2020	2021	2022	2023	2024	2025
Total Asbestos Abatement Notices	439	408	465	466	436	291

III.C. Enforcement

This section supports **Goal 3 (Public Health Protection and Air Quality Education)** metrics for enforcement action resolution and evaluations completed. The enforcement program ensures that regulations are followed, and violations are addressed.

LRAPA's compliance program ensures that air quality regulations are followed by stationary sources, asbestos contractors, and the general public. This section provides an overview of enforcement actions taken during the reporting period, including notices of non-compliance, civil penalties, and case resolutions.

July 1, 2025 to August 31, 2025					
Category of Violation	New	Follow-Up Action	Pending	Closed	Total
Asbestos	-	-	1	3	4
Industrial	-	-	1	2	3
Outdoor Burning	1	-	-	3	4
Fugitive Dust	-	-	-	-	-
Home Wood Heating	-	-	-	-	-
Totals	1	-	2	8	11

Attachment No. 3: July & August 2025, Enforcement Actions Detail Report.

	2020	2021	2022	2023	2024	2025
Notices of Non-compliance and Warnings	15	21	24	19	9	16
Notices of Violation with Civil Penalties	26	17	24	15	5	12

IV. STRENGTHENING ORGANIZATIONAL CAPACITY

Aligns with Learning & Growth Perspective of the Balanced Scorecard framework and LRAPA's current goal 6—developing staff capabilities and improving operational systems.

IV.A. Staff Development & Agency Growth

This section supports Goal 6 (Organizational Excellence and Operational Efficiency) metrics focused on staff retention, professional development, and employee satisfaction, essential for achieving operational excellence.

LRAPA maintains a skilled workforce to carry out our mission of protecting air quality in Lane County. This section provides an overview of our current staffing levels, vacancies, and professional development activities. Our commitment to staff development ensures we have the expertise needed to address complex air quality challenges effectively.

Department	FTE	Vacancies
Administration	5.0	0.0
Operations	9.0	2.0
Finance	3.0	1.0
Technical services	2.0	0.0
Total	19.0	3.0
<i>Agency at 84% of staffing capacity</i>		

LRAPA currently maintains 19.0 FTE across four departments. We presently have 16.0 FTE filled, representing 84% of our authorized staffing capacity. Of our three vacant positions, we are actively recruiting to fill two positions, through strategic recruitment efforts.

We are currently recruiting for two key positions: a Finance Specialist (1/2 level) and an Environmental Engineer/Specialist (1/2/3 level). To maximize our candidate pool and ensure we attract the best qualified applicants, we have posted these positions with flexible classification levels that allow us to accommodate varying experience levels. Both postings are available on our website under Careers.

Our recruitment process remains robust, with the Finance Specialist 1/2 closing on September 5th and the Environmental Engineer or Specialist closing on September 14th. We anticipate conducting interviews shortly after the job postings close, which will bring us back to 95% operational capacity.

The agency continues to prioritize staff development and retention strategies to maintain our skilled workforce, which is essential for protecting air quality in Lane County.

Staff Professional Development, Year-to-Date			
Training	Participation	Completion Date	Provider
Budget Law Training	2	February	Oregon Department of Revenue
Avoiding Communication Pitfalls	1	February	Express

WESTAR Effective Permit Writing course	2	July	WESTAR
EPA Annual Regional State & Local Air Dispersion Modeling Conference	1	July	Environmental Protection Agency
Oregon Annual Asbestos Retreat	2	August	Department of Environmental Quality

EPA Annual Regional State and Local Air Dispersion Modeling Conference (July 8th-10th, Virtual)

Staff attended the EPA's annual workshop focused on air dispersion modeling techniques and regulatory applications, which brings together co-regulatory air permitting agencies to discuss ongoing model development activities and issues affecting air permitting at various government levels.

WESTAR Effective Permit Writing course (July 29th-31st, Virtual)

Staff completed this comprehensive online training designed for air pollution permitting agencies, covering methods and procedures for effectively drafting and reviewing permit conditions across various permit programs, including practical exercises and application evaluation components.

Oregon Annual Asbestos Retreat (August 19th-20th, In-person & Virtual)

LRAPA staff participated in the Oregon DEQ's annual asbestos program retreat, which included professional development sessions on soft skills, health and safety refreshers for inspectors, and collaborative discussions on program improvements and tool development.

IV.B. Operational Improvements & Innovation

*This section supports **Goal 6 (Organizational Excellence and Operational Efficiency)** metrics for technology adoption and systems modernization, enhancing our efficiency and effectiveness in serving Lane County.*

LRAPA is working to improve our systems and processes to enhance efficiency and effectiveness. These improvements support our ability to fulfill our mission and provide better service to the public. Current initiatives focus on technology upgrades, document management, and standardized procedures.

Current activities underway:

- **LINFO Database Upgrade:** LRAPA successfully transitioned to our central database system (LINFO) version 3.0 on June 11, 2025, which enhances our permit tracking, complaint management, and reporting capabilities. The system has been fully operational, and staff are actively using it while documenting bugs and identifying needed user-interface and functionality improvements. Progress on system enhancements has been paused since June 2025 due to the retirement of LCOG's internal developer who maintained LINFO under contract with LCOG. LCOG has not yet filled this critical position.

To address this gap, LRAPA is pursuing alternative solutions, including engaging freelance developers to continue system improvements. We are working with LCOG to obtain GitHub access to LINFO's code for both LRAPA and potential freelance developers. We have identified a promising candidate who is a former LRAPA employee and understands our operational needs.

- **Meeting Technology:** LRAPA has transitioned from Zoom to Microsoft Teams for board meetings and public engagement to address persistent audio quality issues experienced with our hybrid meeting setup. While Teams has resolved the audio clarity problems, we are currently experiencing synchronization delays between audio and video feeds. The VA contractor who completed LRAPA's recent office remodel is actively engaged in troubleshooting these technical issues and evaluating solutions to ensure seamless hybrid meeting capabilities for board meetings, staff training, and stakeholder engagement.
- **Standard Operating Procedures (SOPs):** Development of SOPs across all departments is progressing well, with multiple procedures already completed and implemented. Our current focus has shifted to establishing the foundational framework of developing an "SOP for SOPs" that will standardize how procedures are created, revised, referenced, and maintained throughout the organization. This meta-level documentation will be essential in ensuring consistent procedure development and management, supporting both operational consistency and succession planning across the agency.

V. ENSURING FISCAL RESPONSIBILITY

Aligns with Financial Stewardship Perspective of goal 7—managing financial resources effectively and transparently.

V.A. Budget Performance & Stability

*This section supports **Goal 7 (Financial Sustainability and Transparency)** metrics for budget variance and maintaining adequate reserves (4 months of operating budget), ensuring LRAPA can fulfill its mission consistently.*

Please refer to the June 2025 financial update (Agenda item number 7).

FY25 Line Items to Note: These line items are above 100% of the budgeted spending to date.

- **General Fund** – no items to report
- **Special Revenue Fund (Title V) Transfers to General Fund** – LRAPA underbudgeted this line item in the FY25 approved budget. During FY25, the methodology for the Indirect Cost Allocation was refined to more accurately measure the indirect costs related to Title V operations.
- **Grant Fund Capital Outlay and Transfers to General Fund** line items were not delineated in the FY25 Adopted Budget, therefore it appears that these line items are “over budget” on the financials, however, both line items are well within the expected amounts. The total expenditures for the Grant Fund are 46% of the FY25 adopted budget, therefore the error on these two-line items within the adopted budget is of little to no consequence budgetarily speaking.

FY25 Summary of Expenditures: Although **100%** of the year has elapsed as of **6/30/25**, spending is below that threshold in each of the LRAPA funds. These are the categories we must consider when asking the question “Were we below or over budget for the year?”:

- **General Fund** Total Actual Expenditures as a % of Budgeted Annual Expenditures: **91%**
- **Special Revenue Fund** Total Actual Expenditures as a % of Budgeted Annual Expenditures: **93%**
- **Grant Fund Total** Actual Expenditures as a % of Budgeted Annual Expenditures: **46%**
- **All Funds Consolidated** Actual Expenditures as a % of Budgeted Annual Expenditures: **75%**

V.B. Financial Transparency & Reporting

*This section supports **Goal 7 (Financial Sustainability and Transparency)** metrics for financial reports provided to the Board (target: monthly) and timely audit completion (target: before December 31). Transparency in financial matters builds trust with our stakeholders and ensures accountability.*

Fiscal Year: 2024-2025	Status	Completion Date
Budget	Adopted	June 2024
Prior Year Audit - FY24	Completed	July 2025

Fiscal Year: 2025-2026	Status	Completion Date
Budget	Adopted	May 2025
Prior Year Audit - FY25	Scheduled (delayed due to staff transition within the LRAPA finance team)	Expected December 2025

VI. BOARD CALENDAR

A tentative review of upcoming initiatives, events, and board business.

2025	2026
January - Preview upcoming appointments on board and committees. - Oakridge Air update - Remodel update January; Work Session - Discussion of Partner Dues - Discussion of Board Goals - Discussion of Board Meeting Schedule February - Supplemental Budget for FY'25 - Appoint new Budget Committee members, and appoint Budget Officer - Elect the Board Chair and Vice-Chair - Board Goals Review - Federal Grant Status Update - Remodel Update March - Budget Committee Meeting for FY'26 - Authorization for Public Comment on SB 5520 - Board Goals Approval - Federal Grant Status Update - Remodel Final Update April - Budget Committee Meeting for FY'26; Approve Budget - Annual By Rule Fee Schedule - Public Comment SB 5520; Report May - Public Hearing of FY'26 Approved Budget; Board Adoption - Oakridge Air Update - Federal Grants Status Update - LRAPA Open House June - Audit Presentation from Isler CPA — FY24 - Outdoor Burning Season Review - Federal Grants Status Update - The Permit Life Cycle: Application to Compliance July - Rulemaking Review - Federal Grants Status Update - Executive Director's Performance Evaluation Process - PERS UAL Discussion, Review & Investment Strategy - Ozone Review - Audit Report - FY'24 Audit, Corrective Action Plan August - No Meeting September - Review Local Partner Dues Calculation for FY'27 - Resolution 25-04; Board Designated LGIP Account - Permitting & Federal Standards Rulemaking October - Approve Local Dues Calculation for FY'27. - Smoke Management Season Update/Review November - Audit Update, FY'25 - Home Wood Heating Season Update - Executive Session: Director Performance Evaluation December - No Meeting	January - Preview upcoming appointments on board and committees. - Oakridge Air update - Review budget forecast for FY'2026-2029 February - Supplemental Budget for FY'26 - FY'25 Audit Report & Presentation - Appoint new Budget Committee members, and appoint Budget Officer - Elect the Board Chair and Vice-Chair March - Budget Committee Meeting for FY'26 April - Budget Committee Meeting for FY'27; Approve Budget - Executive Director's Performance Evaluation Process May - Public Hearing of FY'27 Approved Budget; Board Adoption - Executive Session: Director Performance Evaluation - Oakridge Air Update June - Outdoor Burning Season Review July - Rulemaking Review - Review PERS UAL Liability & Investment Strategy August - No Meeting September - Review Legislative Short Session. - Review Local Partner Dues Calculation for FY'28. - Wildfire Smoke Management Season Update - Annual Review of Board Designated LGIP Account October - Approve Local Dues Calculation for FY'28. - Smoke Management Season Update/Review November - Audit Update, FY'27 - Home Wood Heating Season Update December - No Meeting

VII. LRAPA STRATEGIC GOALS REFERENCE SHEET

These ongoing and sustained goals are designed to ensure comprehensive performance management across four key perspectives. This reference sheet provides an overview of each strategic goal and its associated performance metrics.

MISSION: To protect public health, quality of life and the environment as a leader and advocate for the continuous improvement of air quality in Lane County.

VISION: Community partners working together to ensure clean air for everyone.

GOAL 1: Public Health Protection and Air Quality Education

Protect public health through air quality initiatives and foster community engagement via educational programs, prompt response to public concerns, and efforts to ensure equitable protection from air pollution for all communities.

Lag Indicators

- % of days in "Good" or "Moderate" AQI categories by monitoring location (target: 95% annually)
- Number of days with PM2.5 or PM10 exceeding NAAQS 24-hour standards (target: 0)
- % of complaints responded to (target: 95%)

Lead Indicators

- Number of educational events/programs conducted quarterly (target: 2 per quarter)
- Number of wood heating advisories issued (target: prior to 150 AQI in metro)
- Email listserv growth (target: >3% increase annually)

GOAL 2: Enhanced Wildfire Smoke Preparedness

Address the increasing threat of wildfire smoke intrusions to public health in Lane County through public education, collaboration with local jurisdictions, and enhanced monitoring and communication during wildfire events. In addition to seeking funding avenues which directly support this new and growing smoke management service need.

Lag Indicators

- Response time to publish smoke advisories during events (target: before 1pm on days needed)

Lead Indicators

- Maintain LRAPA supported commercial air sensors in Lane County (target: approximately 75)
- State smoke advisory engagement (target: 100% participation)

GOAL 3: Public Health Protection and Air Quality Education

Ensure compliance with National Ambient Air Quality Standards (NAAQS) and other health-based benchmarks, manage air quality permits for regulated sources, and implement best practices in emissions control, balancing economic development with environmental protection through rigorous permitting processes.

Lag Indicators

- % of area in compliance with NAAQS standards (target: 100%)
- % of permits issued within target timeframes (target: 90%)
- Permit backlog rate (target: <20%)

Lead Indicators

- Number of annual Full Compliance Evaluations completed vs. EPA committed (target: 100%)
- % of enforcement actions resolved within 6 months (target: 80%)

GOAL 4: Regional Air Monitoring and Analysis

Collect, analyze, and report comprehensive air quality data across Lane County to inform policy decisions, alert the public, and track long-term air quality trends.

Lag Indicators	Lead Indicators
- % data completeness for monitoring network (target: >95%) - Timeliness of data reporting to the public and EPA (target: 100% on schedule)	- % of monitors calibrated on schedule (target: 100%) - % uptime for real-time data systems (target: 98%) - Number of monitoring site quality assurance audits completed vs. EPA committed (target: 100%)

GOAL 5: Partnerships and Interagency Coordination

Build and maintain strong relationships with various stakeholders, including industry, local jurisdictions, and community groups, to foster collaboration, improve communication, and ensure that LRAPA's work is responsive to community needs and concerns.

Lag Indicators	Lead Indicators
- Number of industry outreach initiatives completed annually (target: 1 per year) - Number of community outreach initiatives completed annually (target: 1 per year) - Number of partner outreach engagements completed annually (target: 5 per year)	- Diversity of inter-agency meetings attended (target: prioritize local, then state, then federal engagements) - Number of monitoring site quality assurance audits completed vs. EPA committed (target: 100%) - Communication frequency with key stakeholders (target: Quarterly communication) - Number of council presentations delivered (target: 1 per jurisdiction annually)

GOAL 6: Organizational Excellence and Operational Efficiency

Strengthen LRAPA's internal systems, workflows, and operational capacity through technology integration, process improvement, and staff development to enhance organizational effectiveness and service delivery.

Lag Indicators	Lead Indicators
- Employee satisfaction/engagement scores (target: 85% satisfaction) - Staff retention rate (target: >85% annually) - % completion of internal systems modernization (target: 100% of planned upgrades, e.g. LINFO)	- Number of staff professional development training completed (Target: 2 per staff per year) - Number of staff utilizing advancing technologies in workflows (target: > 50%)

GOAL 7: Financial Sustainability and Transparency

Ensure LRAPA's long-term financial stability and improve fiscal transparency through diversified funding sources, robust financial management practices, and clear communication of financial decisions to stakeholders.

Lag Indicators	Lead Indicators
- Reserve fund supporting annual operating budget (target: 4 months) - Budget variance (target: within 10% of planned)	- Number of financial reports provided to Board & public (target: monthly to Board) - Audit completed before state deadline (target: Dec. 31)

Daily Air Quality Index Chart

This 15-month chart demonstrates the seasonality of the pollutants.

NEW/OPEN ENFORCEMENT ACTIONS DETAIL REPORT
7/1/2025 -- 8/31/2025
Report of open actions initiated since last report

NEW ENFORCEMENT ACTIONS:

1. REMEDIOS ROMERO (COTTAGE GROVE)
 - A. Violation: Respondent conducted the burning of prohibited materials, including painted wood, metal, tin cans, plastic bags, food waste, plastics fiberglass roofing and general household garbage in a burn barrel.
 - B. Initial Action Taken: NON #3930 issued 08/06/2025
 - C. Subsequent Action: NCP #2025-3930 (\$1,019) issued 08/06/2025:
 - D. Resolution: PENDING
 - E. Source Type: OUTDOOR BURNING
 - F. Initiated By: COMPLAINT

PENDING (Enforcement actions issued prior to 7/1/2025 with no reporting action in the current reporting period):

1. DUST 2 DIAMONDS, LLC (SPRINGFIELD)
 - A. Violation: Performed an asbestos abatement project without possessing a license to perform asbestos abatement; openly accumulated friable asbestos-containing materials.
 - B. Initial Action Taken: NON #3908 issued 9/6/2024
 - C. Subsequent Action: NCP #2024-3908 (\$8,400) issued 9/6/2024; request for reduction approved and reduced to \$4,800 with a payment plan of \$100; payments are on schedule.
 - D. Resolution: PENDING
 - E. Source Type: ASBESTOS
 - F. Initiated By: INSPECTION
2. INTERNATIONAL PAPER (SPRINGFIELD)
 - A. Violation: Between January 23, 2024, and June 30, 2024, International Paper Company

failed to implement monitoring required by Title V Operating Permit #208850, issued January 23, 2024. It is alleged that the additional monitoring requirements were not implemented when the permit was issued with the required monitoring was not performed for the first (6) six months of 2024 (1/23/2024 - 6/30/2024).

- B. Initial Action Taken: NON #3920 issued 1/30/2025
- C. Subsequent Action: NCP #2024-3920 (\$9,000) issued 1/30/2025; request for reduction and Supplemental Environmental Project (SEP) under review
- D. Resolution: PENDING
- E. Source Type: PAPER & PULP MILL
- F. Initiated By: SELF REPORTING

CLOSED ENFORCEMENT CASES Enforcement Actions issued prior to 7/1/2025 and closed in the current reporting period):

1. A & K DEVELOPMENT CO, PAC METAL FAB (JUNCTION CITY)
 - A. Violation: Failed to notify LRAPA prior to the construction of a new stationary source in accordance with LRAPA Rules and Regulations Section 34-010(1)(a); operating an air contaminant source which is listed in Section 37-8010 Table 1 without first obtaining and ACDP from LRAPA in accordance with LRAPA 37-0020(3).
 - B. Initial Action Taken: NON #3903 issued 05/30/2024
 - C. Subsequent Action: NCP #2024-3903 (\$6,800) issued 05/22/2025; 6/20/2025 request for reduction approved and reduced to \$4,200 – paid 8/4/2025
 - D. Resolution: CASE CLOSED on 8/4/2025
 - E. Source Type: METAL FABRICATION AND PAINTINGG
 - F. Initiated By: INSPECTIONS
2. AURORA INNOVATIONS / HYDROFARM (EUGENE)
 - A. Violation: Failure to submit 2023 semi-annual report required by Condition #28 in the ACDP #200053. The 2023 semi-annual report was due February 15, 2024; failure to submit their 2023 ATEI report by July 1, 2024.
 - B. Initial Action Taken: NON #3910 issued 7/31/2024

- C. Subsequent Action: NCP #2024-3910 (\$2,500) issued 04/23/2025: request for reduction approved with a Stipulated and Final Order (SFO) agreement to submit reports by the required due dates and reduced to \$1,600 – paid 8/18/2025
 - D. Resolution: CASE CLOSED on 8/18/2025
 - E. Source Type: FERTELIZER MANUFACTURING
 - F. Initiated By: INSPECTIONS
3. KIM, STEPHEN ROMI (COTTAGE GROVE)
- A. Violation: Outdoor burning of prohibited materials (plastic and household garbage).
 - B. Initial Action Taken: NON #3933 issued 06/25/2025
 - C. Subsequent Action: None – Confirmation from the property owner that the tenants conducting the illegal outdoor burning have been evicted and moved from the property.
 - D. Resolution: CASE CLOSED on 07/02/2025
 - E. Source Type: OUTDOOR BURNING
 - F. Initiated By: COMPLAINT
4. WILDE, DARREL LANE (JUNCTION CITY)
- A. Violation: Outdoor burning of prohibited materials (truck trailer, box springs and clothing).
 - B. Initial Action Taken: NON #3934 issued 06/25/2025
 - C. Subsequent Action: PENDING
 - D. Resolution: PENDING
 - E. Source Type: OUTDOOR BURNING
 - F. Initiated By: COMPLAINT
5. ATEZ, INC. (EUGENE)
- A. Violation: Conducted and completed a friable asbestos abatement project at Cascade Manor without performing air clearance prior to leaving the site.
 - B. Initial Action Taken: NON #3923 issued 05/02/2025

- C. Subsequent Action: NCP #2025-3923 (\$4,865) issued 05/02/2025: request for hearing or reduction approved for \$2,800 – paid 7/15/2025.
 - D. Resolution: CASE CLOSED on 7/15/2025
 - E. Source Type: ASBESTOS
 - F. Initiated By: INSPECTION
6. VALLEY ENVIRONMENTAL DBA VAE LLC (LANE COUNTY)
- A. Violation: Failure to notify LRAPA of date and startup at least 14 days prior to the relocation of a stationary source in accordance with condition 12.6 of Permit No. AQGP-013 General ACDP #208670.
 - B. Initial Action Taken: NON #3927 issued 05/02/2025
 - C. Subsequent Action: NCP #2025-3927 (\$3,200) issued 05/02/2025: request for reduction approved and reduced to \$2,200 – paid 7/14/2025
 - D. Resolution: CASE CLOSED on 7/14/2025
 - E. Source Type: PORTABLE ACI
 - F. Initiated By: LRAPA REPORT REVIEW
7. HARMON, SHARON (EUGENE)
- A. Violation: Outdoor burning in a burn barrel.
 - B. Initial Action Taken: NON #3929 issued 05/22/2025
 - C. Subsequent Action: NCP #2025-3929 (\$550) issued 05/22/2025: request for reduction approved and reduced to (\$-0-) with signed SFO with agreement for the Respondent to permanently remove all burn barrels, with documents providing proof and cease violating LRAPA's outdoor burning rules and regulations; 7/14/2025 submitted proof with receipts of disposal of the burn barrel and sign SFO.
 - D. Resolution: CASE CLOSED on 7/14/2025
 - E. Source Type: OUTDOOR BURNING
 - F. Initiated By: COMPLAINT

8. EMPIRE PROPERTY MANAGEMENT (EUGENE)

- A. Violation: Respondent allowed open accumulation of friable asbestos containing materials (ACM) in a rental property.
- B. Initial Action Taken: NON #3932 issued 05/28/2025
- C. Subsequent Action: Respondent hired an asbestos abatement contractor to abate the friable ACM, the work was confirmed completed on 7/17/2025.
- D. Resolution: CASE CLOSED on 7/17/2025
- E. Source Type: ASBESTOS
- F. Initiated By: COMPLAINT
