AGENDA	ACTION
REGULAR MEETING	
1. Call to Order.	Chair Howard Saxion called the regular meeting to order at 12:15 p.m.
2. Adjustments to the Agenda.	None.
3. Public Participation. A. Comments on an Item on Today's Agenda. B. Comments on a Topic Not Included on Today's Agenda.	None. Jim Daniels , CAC member, shared this would be his final meeting as a Citizens Advisory Committee (CAC) member. Mr. Daniels , who managed environmental compliance at Roseboro Forest Products for 33 years, commended LRAPA staff as the most skilled and knowledgeable regulatory agency he has worked with among all state and federal

	agencies. Chair Saxon and the Board thanked Mr. Daniels for his many years of service on the Citizens Advisory Committee and wished him well in retirement.
4. Comments from Board Members.	Director Johnston requested a future agenda item regarding the City of Eugene's consideration of amendments to the Public Health Standards Code that could potentially impact LRAPA, noting strong community opinions on the matter.
5. Recess Regular Board Meeting.	Chair Saxon recessed the regular Board meeting at 12:20 p.m. to meet in executive session, pursuant to ORS 192.660(2)(i).
6. Reconvene Regular Board Meeting.	Chair Saxon reconvened the regular Board meeting at 1:05 p.m.
7. Contract Amendment: Board Authorization for Negotiation.	<p>After discussion, it was the consensus of the Board to authorize the Chair and Vice Chair to begin contract amendment negotiations with Mr. Knudsen for his renewal, due May 2026, with a goal of completing negotiations by the end of January 2026 to facilitate budget planning.</p> <p>The Board discussed transitioning the Executive Director position to a formal pay scale with defined steps to improve transparency, establish performance-based expectations, and support pay equity.</p>
8. Approval of Meeting Minutes.	MOTION: Director Loveall moved, and Director Keating seconded to approve the October 9, 2025 Meeting Minutes. The motion passed unanimously.
9. Citizens Advisory Committee.	<p>Kelly Wood, Citizens Advisory Committee (CAC) Chair, provided an overview of the September 2025 CAC meeting:</p> <ul style="list-style-type: none"> • Welcomed Joe Rogers as Lane County public health representative. • Completed orientation packet review including bylaws and Robert's Rules. • Discussion about adding construction industry and labor sector representatives (Sheet metal workers/SMART, pipe fitters, electrical workers, heat pump installation businesses), etc. • Jim Daniels long service (14 years) acknowledged; plaque presented at May ribbon cutting. <p>The Board thanked Ms. Wood for the report and update.</p>

10. Approval of Financial Report.	<p>Christina Ward, Finance Manager, provided the Board with the September 2025 financial report.</p> <p>MOTION: Director Loveall moved, and Director Keating seconded to approve the September 2025 Financial Report. The motion passed unanimously.</p>
11. Federal Grant Status Update.	<p>Travis Knudsen, Executive Director, and Ms. Ward provided an update on LRAPA's federal grant programs, specifically the Targeted Airshed Grants supporting the Oakridge-Westfir area. Both grants remain in compliance with Board directives, with 0% of funds awaiting federal reimbursement. TAG 1.0 (ending November 2025) has \$150,845.59 remaining of its \$4.9M total, while TAG 2.0 (ending August 2026) has \$2.3M remaining of its \$2.7M total.</p> <p>An internal audit of TAG 1.0 is underway in collaboration with SWS (Oakridge partner), with closeout targeted for completion by end of January 2026 (due March 2026). The Environmental Justice Government-to-Government grant was removed from tracking as it closed in March 2025.</p> <p>Ms. Ward provided the Board with an audit update, sharing it had been delayed from the original schedule but is on track for completion:</p> <ul style="list-style-type: none"> • Auditors will be on-site the first week of December to finish the audit and conduct interviews with staff members. • All requested documents submitted ahead of schedule. • Expected completion well before December 31, 2025 deadline, contingent on LRAPA's ability to provide any additional requested documents.
12. Home Wood Heating Season Update.	<p>Matt Sorensen, Public Affairs & Project Manager, presented an overview of LRAPA's wood stove regulatory program, essential for meeting federal air quality standards during winter temperature inversions. The program operates October 1 through May 31 and uses a three-tier advisory system (Green/Yellow/Red), with opacity limits varying by jurisdiction (Eugene/Springfield: 40%, Oakridge: 20%).</p> <p>Red advisories prohibit visible emissions but don't ban burning—residents can still heat homes if they operate stoves efficiently with dry wood and proper damper settings.</p> <p>The program issued 27 exemptions in 2024 for residents below federal poverty levels. In 2025, the program received</p>

	<p>51 complaints and staff spent over 200 hours on complaint response using an education-first approach. Staff conduct daily advisory forecasting based on meteorological models and real-world conditions.</p> <p>Eugene/Springfield had only 1 red advisory day in 2024, while Oakridge continues showing improvement with fewer red days than the metro area. Historical success attributed to improved EPA-certified stoves, heat pump installations, better insulation, the dry firewood program, and community education.</p> <p>Board members requested more program presentations in future meetings to better understand LRAPA's diverse operations.</p>
13. Directors Report.	<p>Mr. Knudsen provided a detailed review of the October 2025 Director's Report. Highlights include:</p> <ul style="list-style-type: none"> • Wildfire season closed; now in home wood heating season with moderate air quality throughout October. • Outdoor burning ran October 15-31; Radius Recycling fire incident in Eugene under investigation. • New Environmental Specialist I hired (Sky, from Alaska); two FTE positions remain vacant due to funding uncertainty. • Short Mountain Landfill became first Oregon landfill using drone monitoring for regulatory compliance. • Staff participated in DEQ Fall Air Quality Forum and other professional development activities. • LINFO database improvements continuing; 7% overall backlog for Title V permits and ACDPs.
14. Adjournment of LRAPA Board Meeting.	<p>Chair Saxion adjourned the LRAPA Board meeting at 2:00 p.m.</p>

LANE REGIONAL AIR PROTECTION AGENCY MEMORANDUM

To: Howard Saxion, Chair and LRAPA Board Members

From: Travis Knudsen, Executive Director

Date: October 9, 2025

Subject: Monthly Status Update - Federal Grant Programs – as of 11/6/2025

STAFF REPORT

ISSUE STATEMENT

This staff report provides the ongoing status update on LRAPA's federal grant programs as directed by the Board. The report includes financial information and progress updates for the Targeted Airshed Grants (TAG) supporting work in the Oakridge-Westfir area.

BACKGROUND INFORMATION

Following the Board's direction, LRAPA continues to administer federal grant programs provided that: (1) LRAPA maintains an active Terms and Conditions agreement for each grant, and (2) no more than 25% of any grant total is tied up in contractor payments or awaiting federal drawdowns.

FINANCIAL STATUS as of 11/6/2025

- **Targeted Airshed Grant 1.0** (November 2019 – November 2025)
 - Total grant amount: \$4,938,190
 - Spent to date: \$4,787,344.41
 - Remaining grant balance: \$150,845.59
 - Awaiting federal reimbursement (as of 11/6/25): \$0.00
 - Percentage of grant awaiting reimbursement: 0%

- **Targeted Airshed Grant TAG 2.0** (January 2022 – August 2026)
 - Total grant amount: \$2,739,425
 - Spent to date: \$409,091.68
 - Remaining grant balance: \$2,330,333.32
 - Awaiting federal reimbursement (as of 10/3/25): \$0.00
 - Percentage of grant awaiting reimbursement: 0%

STAFF RECOMMENDATION

This is an informational item, and no formal motion is required. Staff recommend that the Board review this monthly progress update.

I. EXECUTIVE HIGHLIGHTS

Key accomplishments, challenges, and priorities from the past month.

EXECUTIVE SUMMARY

October marked a successful seasonal transition as LRAPA closed out wildfire season and prepared for winter operations. Air quality remained excellent throughout the month, with no unhealthy days recorded and predominantly "Good" conditions across all three monitoring sites.

The outdoor burning season opened October 15th following the delayed start due to late September wildfire smoke, then concluded October 31st for Eugene/Springfield/Oakridge and their urban growth boundaries. This abbreviated season required no curtailments due to favorable meteorological conditions. The home wood heating season reopened October 1st.

Staff presented to 14 students in Lane Community College's Prescribed Fire Management class and participated in the annual Media and PIO Roundtable. We began check-in meetings with our four IGA cities and Lane County commissioners to discuss federal regulatory changes, our SEP Program, and partner concerns.

Organizationally, we successfully recruited an Environmental Specialist I position beginning November 3rd, bringing LRAPA to 17.0 FTE (89% operational capacity). Strategically we are maintaining two positions vacant given federal funding uncertainty, providing financial flexibility while ensuring essential services continue.

Professional development was highlighted by six staff members attending DEQ's Fall Air Quality Inspector/Permit Writer Forum (October 14-16), receiving updates on regulatory changes, environmental justice initiatives, technical training, and new permitting resources. Travis Knudsen attended the PNWIS annual conference in Boise, serving as a panelist on executive leadership challenges alongside regional air quality agency leaders.

Progress on LINFO database enhancements remains paused due to LCOG's developer vacancy, but we secured GitHub access and identified a promising freelance developer candidate with prior LRAPA experience.

Our permitting program maintains steady performance with a 7% backlog rate. We issued four permits for public notice, including innovative drone technology for methane monitoring at Short Mountain Landfill, the first such application in Oregon.

Financially, LRAPA remains strong. With 25% of the fiscal year elapsed, salary spending stands below this threshold. All funds are tracking under budget with reserves supporting four months of operating budget as targeted.

October demonstrated LRAPA's ability to manage seasonal transitions, maintain excellent air quality, strengthen partnerships, and advance organizational capacity while navigating uncertainties with fiscal prudence.

II. PROTECTING PUBLIC HEALTH & SERVING OUR COMMUNITY

Aligns with Customer/Stakeholder Perspective of the Balanced Scorecard framework and LRAPA's current goals 1, 2, and 5 which focus on public health protection, community engagement, and stakeholder relationships.

II.A. Air Quality Status & Trends for October 2025

These metrics support **Goal 1 (Public Health Protection and Air Quality Education)** and **Goal 4 (Regional Air Monitoring and Analysis)**, tracking our performance against targets for "Good" and "Moderate" AQI days, data completeness, and timely reporting).

*Notes: LRAPA received 55 complaints in October, compared to 48 in September. Unknown odor complaints dropped from 12 to 4. Smoke-related complaints rose to 34, primarily from outdoor burning (28 complaints).

II.C. Smoke Management & Wildfire Resilience

This section aligns with **Goal 2 (Enhanced Wildfire Smoke Preparedness)**, tracking our smoke monitoring, advisory issuance, and coordination with state agencies, as well as smoke management activities for outdoor burning and home wood heating.

Outdoor Burning, 2025-2026 Season

LRAPA regulates outdoor burning in Lane County to protect air quality and public health. Under Title 47, LRAPA has authority to regulate open burning practices, including determining when burns can occur. LRAPA aims to allow burning whenever possible while preventing air quality deterioration. Outdoor burning is only curtailed when monitoring or forecasts show potential for unhealthy air quality impacts.

Periods of Curtailment					
Start	End	Areas	Curtailment	Reason	
N/A	-	-	-	-	
N/A	-	-	-	-	

Home Wood Heating, 2025-2026 Season

LRAPA regulates home wood heating under Title 16 to reduce PM2.5 emissions during periods of poor air quality. An advisory system (Yellow/Red Days) indicates when curtailment is needed. Yellow Day advisory request voluntary curtailment of wood burning except for those who depend on it as their primary heat source. Red Day advisories prohibit visible smoke from chimneys, with exemptions for economic hardship. Like outdoor burning, LRAPA only issues wood burning curtailment when air quality monitoring or forecasts indicate potential health impacts.

Periods of Curtailment		
Areas	Yellow Days	Red Days
Eugene/Springfield	0	0
Oakridge	0	0

The home wood heating season, which had been closed during the summer months, officially reopened on October 1st. No curtailment days were needed in September as air quality conditions remained favorable throughout the month and the season was not yet open.

Outdoor Burning Letter Permits, 2025-2026 Season

LRAPA has authority to issue outdoor burning letter permits under Title 47. These permits allow specified burning that would otherwise be prohibited. This program also supports ecological benefits of prescribed fire while protecting public health through strict oversight and timing. LRAPA coordinates closely with land managers to ensure burns are conducted with minimal air quality impacts.

20B25-06-01	June 30, 2025	River to Ridges Partnership	85 units in Lane County	Ecological Burning	1456 acres

Wildfire Smoke Intrusions & Air Quality Advisories

LRAPA participates in Oregon's Wildfire Response Protocol for Severe Smoke Episodes, a coordinated system that connects federal, state, and local agencies during significant smoke events. LRAPA's role includes issuing local air quality advisories, coordinating public health messaging, and representing Lane County's interests in state-level response planning.

Springfield Rotary Club (Wednesdays, Elk's Club)

Matt Sorensen, LRAPA's Public Affairs Manager, represents the agency as a member of the Springfield Rotary Club. This active club has more than 85 members who meet every Wednesday for lunch. Each meeting provides an opportunity to share important air quality news with members and build relationships with community leaders and stakeholders across Lane County.

Annual Media and Public Information Officer (PIO) Roundtable (Oct. 23rd, City of Eugene Public Works)

Matt Sorensen, Public Affairs Manager, attended the annual local media and public information officer roundtable organized by Devon Ashbridge, Lane County's PIO. The meeting brings together local reporters with the region's public information officers to discuss their work, identify opportunities for better coordination and strengthen their shared commitment to keeping the public informed.

Prescribed Burning Class Guest Speaker (Oct. 29th, Lane Community College)

Matt Sorensen, Public Affairs Manager, spoke to 14 students in the Prescribed Fire Management class at LCC. Instructor Mike Beasley, a burn boss, invited Matt to present on the Oregon Smoke Management Plan and explain how LRAPA fits into the framework and works with and permits to prescribed burning operations in Lane County. Matt also described how LRAPA coordinates with the Oregon Department of Forestry, Oregon Department of Environmental Quality and Oregon Department of Agriculture to regulate burning activity across the state. He covered each agency's specific areas of authority and some of the overlap that exists in smoke management programs.

IGA Partners and LRAPA Partnership Check-Ins and Updates (Oct. to Nov., Ongoing)

Travis Knudsen, Executive Director, and Matt Sorensen, Public Affairs Manager, scheduled meetings with each of the four cities (Cottage Grove, Eugene, Oakridge and Springfield) and Lane County commissioners who comprise LRAPA's intergovernmental agreement (IGA) stakeholders. The discussions focus on three areas: changes in environmental regulations driven by federal adjustments at EPA, especially those that could impact the region; ongoing funding opportunities through LRAPA's refreshed Supplemental Environmental Program; and any questions or concerns from IGA partners.

Northwest Air Quality Communicators Meeting (Nov. 4th, Online)

Matt Sorensen, Public Affairs Manager, attended the quarterly Northwest Air Quality Communicators meeting with more than 40 other air quality professionals. Topics included disaster messaging lessons learned by the Regional Disaster Preparedness Organization, tools being developed with Echo Northwest to share communication assets between agencies, and a campfire etiquette campaign being used in Idaho to help develop better burning habits at campgrounds in Idaho and finished with a robust roundtable discussion between members.

III. MAINTAINING REGULATORY EXCELLENCE

Aligns with Internal Process Perspective of the Balanced Scorecard framework and LRAPA's current goals 3 and 4—ensuring compliance with air quality standards through effective monitoring, permitting, and enforcement.

III.A. Stationary Source Permitting Progress & Efficiency

This section supports Goal 3 (Public Health Protection and Air Quality Education) metrics for permit issuance timeliness, permit backlog rate, and area NAAQS compliance.

Permitted Sources

- Currently 15 sources hold a Title V operating permit in Lane County.
- Currently approximately 275 sources hold an ACDP.

III.B. Asbestos Program Oversight

This section supports **Goal 3 (Public Health Protection and Air Quality Education)** initiatives related to operating the asbestos program, including inspections and rule updates. LRAPA protects public health from asbestos hazards through effective oversight and education.

LRAPA administers the asbestos program in Lane County under title 43. This program regulates the handling, removal, and disposal of asbestos-containing materials to prevent public exposure to this hazardous substance. LRAPA reviews asbestos survey reports, processes abatement notifications, conducts inspections, and enforces compliance with asbestos regulations to protect workers and the public.

III.C. Enforcement

This section supports **Goal 3 (Public Health Protection and Air Quality Education)** metrics for enforcement action resolution and evaluations completed. The enforcement program ensures that regulations are followed, and violations are addressed.

LRAPA's compliance program ensures that air quality regulations are followed by stationary sources, asbestos contractors, and the general public. This section provides an overview of enforcement actions taken during the reporting period, including notices of non-compliance, civil penalties, and case resolutions.

IV. STRENGTHENING ORGANIZATIONAL CAPACITY

Aligns with Learning & Growth Perspective of the Balanced Scorecard framework and LRAPA's current goal 6—developing staff capabilities and improving operational systems.

IV.A. Staff Development & Agency Growth

*This section supports **Goal 6 (Organizational Excellence and Operational Efficiency)** metrics focused on staff retention, professional development, and employee satisfaction, essential for achieving operational excellence.*

LRAPA maintains a skilled workforce to carry out our mission of protecting air quality in Lane County. This section provides an overview of our current staffing levels, vacancies, and professional development activities. Our commitment to staff development ensures we have the expertise needed to address complex air quality challenges effectively.

Department	FTE	Vacancies
Administration	5.0	0.0
Operations	9.0	2.0
Finance	3.0	1.0
Technical services	2.0	0.0
Total	19.0	3.0
<i>Agency at 84% of staffing capacity</i>		

LRAPA currently maintains 19.0 FTE across four departments. We presently have 16.0 FTE filled, representing 84% of our authorized staffing capacity.

In October, the agency successfully completed recruitment for an Environmental Specialist I position. The selected candidate will begin on November 3rd, bringing LRAPA to 17.0 FTE (89% operational capacity).

With the ongoing uncertainty at the federal level and subsequent funding we are strategically maintaining two positions vacant and will continue to monitor the situation. This approach provides financial flexibility during this period of uncertainty while ensuring that we can maintain essential air quality protection services.

The temporary payroll specialist contract arrangement implemented in September continues to support our finance department transition effectively, providing specialized expertise as we restructure operations to a two-person permanent model.

LRAPA continues to prioritize thoughtful workforce planning and staff development strategies that balance operational needs with fiscal responsibility, ensuring we maintain our skilled team essential for protecting air quality in Lane County while adapting to external factors beyond our control.

Staff attended a PERS meet and greet session to learn more on available reporting resources and support services.

DEQ Fall Air Quality Inspector/Permit Writer Forum (October 14th-16th, in-person/virtual)

Staff members attended DEQ's Fall AQ Inspector/Permit Writer Forum, a three-day professional development event for air quality professionals statewide. The forum provided updates on regulatory changes, technical training, and best practices in air quality permitting and enforcement.

Key topics covered included:

- **Regulatory Updates:** Climate Protection Program implementation, Cleaner Air Oregon (CAO) program updates, an update on new and revised federal standards, and clarifications on when agricultural exemptions do and do not apply
- **Environmental Justice:** New DEQ initiatives and integration into air quality programs
- **Technical Training:** Air quality modeling refresher, particulate matter source testing overview, and permit peer review procedures
- **Permitting Resources:** Enhancements to the Permit Writers' Resource Center and Small Business website, plus streamlined datacenter permitting processes
- **Legislative Changes:** Overview of the 2025 legislative session impacts on air quality programs
- **Enforcement Tools:** Your DEQ Online (YDO) workflows and notice of noncompliance procedures

The forum also featured practical sessions on permit writing efficiency tools and a tabletop exercise on VOC coating operations. Staff had opportunities to engage with DEQ leadership, regional managers, and technical experts throughout the three-day event.

PNWIS Annual Conference (October 15th-17th, Boise, Idaho)

Travis Knudsen, Executive Director, attended the Pacific Northwest International Section (PNWIS) annual conference in Boise, joining over 200 air quality professionals from across the region. Travis served as a panelist for "Clearing the Air: Executive Leadership in a Time of Environmental Challenge" alongside executive directors from Northwest Clean Air Agency, Southwest Clean Air Agency, Spokane Regional Clean Air Agency, and Idaho DEQ's Air Quality Division Administrator. The panel addressed how regional agencies are navigating current environmental challenges and regulatory uncertainties while maintaining effective air quality protection programs. The conference provided valuable networking opportunities and insights on emerging technical and regulatory developments across the Pacific Northwest.

IV.B. Operational Improvements & Innovation

*This section supports **Goal 6 (Organizational Excellence and Operational Efficiency)** metrics for technology adoption and systems modernization, enhancing our efficiency and effectiveness in serving Lane County.*

LRAPA is working to improve our systems and processes to enhance efficiency and effectiveness. These improvements support our ability to fulfill our mission and provide better service to the public. Current initiatives focus on technology upgrades, document management, and standardized procedures.

Current activities underway:

- **LINFO Database Upgrade:** LRAPA successfully transitioned to our central database system (LINFO) version 3.0 in summer 2025, which enhances our permit tracking, complaint management, and reporting capabilities. The system has been fully operational, and staff are actively using it while documenting bugs and identifying needed user-interface and functionality improvements. Progress on system enhancements has been paused since June 2025 due to the retirement of LCOG's internal developer who maintained LINFO under contract with LCOG. LCOG has not yet filled this critical position.

To address this gap, LRAPA is pursuing alternative solutions, including engaging freelance developers to continue system improvements. Throughout September, LRAPA worked with LCOG to obtain GitHub

access to LINFO's code for both LRAPA staff and potential freelance developers. We have identified a promising candidate who is a former LRAPA employee and understands our operational needs, providing valuable institutional knowledge for future development work.

- **Standard Operating Procedures (SOPs):** Development of SOPs across all departments continues to progress well, with multiple procedures already completed and implemented. In September, the agency rolled out the foundational "SOP for SOPs" document, which establishes a standardized framework for how procedures are created, revised, referenced, and maintained throughout the organization. This meta-level documentation provides essential guidance for consistent procedure development and management, supporting both operational consistency and succession planning across the agency. Staff are currently reviewing and providing feedback on this framework, which the agency is using to refine the workflow documentation process. This work includes creating a comprehensive system for tracking controlled documents and controlled policies, which encompass all SOPs agency-wide.

V. ENSURING FISCAL RESPONSIBILITY

Aligns with Financial Stewardship Perspective of goal 7—managing financial resources effectively and transparently.

V.A. Budget Performance & Stability

*This section supports **Goal 7 (Financial Sustainability and Transparency)** metrics for budget variance and maintaining adequate reserves (4 months of operating budget), ensuring LRAPA can fulfill its mission consistently.*

Please refer to the September 2025 financial update (Agenda item number 7).

FY26 Line Items to Note: These line items are above 91% of the budgeted spending to date. (Target spending to date is 17% as if August 2025).

- **General Fund** – The Personnel Services line item is currently at 93% of the targeted spending for September. It is expected that this line item will remain under budget for the year.
- **Special Revenue Fund (Title V)** – nothing to note.
- **Grant Fund** – nothing to note.

FY26 Summary of Expenditures: 25% of the year has elapsed **as of 9/30/25**, and spending is below that threshold in each of the LRAPA funds. These are the categories we must consider when asking the question “Were we below or over budget for the year?”:

- **General Fund** Total Actual Expenditures as a % of Budgeted Annual Expenditures: **16%**
- **Special Revenue Fund** Total Actual Expenditures as a % of Budgeted Annual Expenditures: **17%**
- **Grant Fund** Total Actual Expenditures as a % of Budgeted Annual Expenditures: **10%**
- **All Funds Consolidated** Actual Expenditures as a % of Budgeted Annual Expenditures: **14%**

V.B. Financial Transparency & Reporting

*This section supports **Goal 7 (Financial Sustainability and Transparency)** metrics for financial reports provided to the Board (target: monthly) and timely audit completion (target: before December 31). Transparency in financial matters builds trust with our stakeholders and ensures accountability.*

VII. LRAPA STRATEGIC GOALS REFERENCE SHEET

These ongoing and sustained goals are designed to ensure comprehensive performance management across four key perspectives. This reference sheet provides an overview of each strategic goal and its associated performance metrics.

MISSION: To protect public health, quality of life and the environment as a leader and advocate for the continuous improvement of air quality in Lane County.

VISION: Community partners working together to ensure clean air for everyone.

GOAL 1: Public Health Protection and Air Quality Education

Protect public health through air quality initiatives and foster community engagement via educational programs, prompt response to public concerns, and efforts to ensure equitable protection from air pollution for all communities.

Lag Indicators

- % of days in "Good" or "Moderate" AQI categories by monitoring location (target: 95% annually)
- Number of days with PM2.5 or PM10 exceeding NAAQS 24-hour standards (target: 0)
- % of complaints responded to (target: 95%)

Lead Indicators

- Number of educational events/programs conducted quarterly (target: 2 per quarter)
- Number of wood heating advisories issued (target: prior to 150 AQI in metro)
- Email listserv growth (target: >3% increase annually)

GOAL 2: Enhanced Wildfire Smoke Preparedness

Address the increasing threat of wildfire smoke intrusions to public health in Lane County through public education, collaboration with local jurisdictions, and enhanced monitoring and communication during wildfire events. In addition to seeking funding avenues which directly support this new and growing smoke management service need.

Lag Indicators

- Response time to publish smoke advisories during events (target: before 1pm on days needed)

Lead Indicators

- Maintain LRAPA supported commercial air sensors in Lane County (target: approximately 75)
- State smoke advisory engagement (target: 100% participation)

GOAL 3: Public Health Protection and Air Quality Education

Ensure compliance with National Ambient Air Quality Standards (NAAQS) and other health-based benchmarks, manage air quality permits for regulated sources, and implement best practices in emissions control, balancing economic development with environmental protection through rigorous permitting processes.

Lag Indicators

- % of area in compliance with NAAQS standards (target: 100%)
- % of permits issued within target timeframes (target: 90%)
- Permit backlog rate (target: <20%)

Lead Indicators

- Number of annual Full Compliance Evaluations completed vs. EPA committed (target: 100%)
- % of enforcement actions resolved within 6 months (target: 80%)

GOAL 4: Regional Air Monitoring and Analysis

Collect, analyze, and report comprehensive air quality data across Lane County to inform policy decisions, alert the public, and track long-term air quality trends.

Lag Indicators

- % data completeness for monitoring network (target: >95%)
- Timeliness of data reporting to the public and EPA (target: 100% on schedule)

Lead Indicators

- % of monitors calibrated on schedule (target: 100%)
- % uptime for real-time data systems (target: 98%)
- Number of monitoring site quality assurance audits completed vs. EPA committed (target: 100%)

GOAL 5: Partnerships and Interagency Coordination

Build and maintain strong relationships with various stakeholders, including industry, local jurisdictions, and community groups, to foster collaboration, improve communication, and ensure that LRAPA's work is responsive to community needs and concerns.

Lag Indicators

- Number of industry outreach initiatives completed annually (target: 1 per year)
- Number of community outreach initiatives completed annually (target: 1 per year)
- Number of partner outreach engagements completed annually (target: 5 per year)

Lead Indicators

- Diversity of inter-agency meetings attended (target: prioritize local, then state, then federal engagements)
- Number of monitoring site quality assurance audits completed vs. EPA committed (target: 100%)
- Communication frequency with key stakeholders (target: Quarterly communication)
- Number of council presentations delivered (target: 1 per jurisdiction annually)

GOAL 6: Organizational Excellence and Operational Efficiency

Strengthen LRAPA's internal systems, workflows, and operational capacity through technology integration, process improvement, and staff development to enhance organizational effectiveness and service delivery.

Lag Indicators

- Employee satisfaction/engagement scores (target: 85% satisfaction)
- Staff retention rate (target: >85% annually)
- % completion of internal systems modernization (target: 100% of planned upgrades, e.g. LINFO)

Lead Indicators

- Number of staff professional development training completed (Target: 2 per staff per year)
- Number of staff utilizing advancing technologies in workflows (target: > 50%)

GOAL 7: Financial Sustainability and Transparency

Ensure LRAPA's long-term financial stability and improve fiscal transparency through diversified funding sources, robust financial management practices, and clear communication of financial decisions to stakeholders.

Lag Indicators

- Reserve fund supporting annual operating budget (target: 4 months)
- Budget variance (target: within 10% of planned)

Lead Indicators

- Number of financial reports provided to Board & public (target: monthly to Board)
- Audit completed before state deadline (target: Dec. 31)

Daily Air Quality Index Chart

This 15-month chart demonstrates the seasonality of the pollutants.
