We endeavor to provide public accessibility to LRAPA services, programs, and activities for people with disabilities. People needing special accommodations to participate in LRAPA public hearings such as assistive listening devices or accessible formats such as large print, Braille, electronic documents, or audio tapes, should please contact the LRAPA office as soon as possible, but preferably at least 72 hours in advance. For people requiring

language interpretation services, including qualified ASL interpretation, please contact the LRAPA office as soon as possible, but preferably at least 5 business days in advance so that LRAPA can provide the most comprehensive interpretation services available. Please contact the LRAPA Nondiscrimination Coordinator at accessibility@lrpa.org or by calling the LRAPA office at 541-736-1056.

Nos esforzamos por proporcionar accesibilidad pública a los servicios, programas y actividades de LRAPA para personas con discapacidades. Las personas que necesiten adaptaciones especiales, como dispositivos de asistencia auditiva, formatos accesibles como letra grande, Braille, documentos electrónicos o cintas de audio, deben comunicarse con la oficina de LRAPA con al menos 72 horas de anticipación. Para las personas que requieren servicios de interpretación de idiomas, incluyendo la interpretación calificada de ASL, comuníquese con la oficina de LRAPA al menos con 5 días laborables de anticipación para que LRAPA pueda proporcionar los servicios de interpretación que sean lo más completos disponibles. Para todas las solicitudes, envíe un correo electrónico al Coordinador de Antidiscriminatoria de LRAPA a accessibility@lrpa.org o llame a la oficina de LRAPA al 541-736-1056.

1. Call to Order.	Chair Howard Saxion called the regular meeting to order at 12:15 p.m.
2. Adjustments to the Agenda.	None.
3. Public Participation	
A. Comments on an Item on Today's Agenda.	None.
B. Comments on a Topic Not Included on Today's Agenda.	None.
4. Comments from Board Members.	Director Plummer noted that there were recent reports of a strong, chemical/cologne odor around 35th and Donald in South Eugene. He indicated he would forward the email he received to staff for follow-up.

5. Approval of Meeting Minutes.	<p>MOTION: Director Loveall moved, and Director Hensley seconded to approve the January 9, 2025 Meeting Minutes. The motion passed unanimously.</p> <p>MOTION: Director Loveall moved, and Director Hensley seconded to approve the January 30, 2025 Work Session Meeting Minutes. Director Keating noted that since he was not in attendance, he would abstain from the vote. The motion passed.</p>
6. Approval of Financial Report/Audit Update.	<p>Christina Ward, Finance Manager, presented the Board with the December 2024 financial report and provided them with an audit update.</p> <p>MOTION: Director Loveall moved, and Director Hensley seconded to approve the December 2024 Financial Report. The motion passed unanimously.</p>
7. Supplemental Budget.	<p>Ms. Ward presented Resolution No. 25-01 for a proposed supplemental budget that reallocates \$160,000 from General Fund Contingency to cover \$40,000 in Administration expenses (staff turnover costs and roof replacement) and \$120,000 for Capital Monitoring Equipment. The changes result in no overall budget increase, with \$30,000 remaining in Contingency.</p> <p>MOTION: Director Loveall moved, and Director Cutchen seconded to approve Resolution 25-01, to adopt the supplemental budget, which reallocates \$160,000 from the General Fund Contingency budget to the General Fund Administration and General Fund Capital Outlay budget. The motion passed unanimously.</p>
8. Elect Chair & Vice-Chair.	<p>Mr. Knudsen presented the Board with the annual leadership selection process. The Board was asked to consider nominations and elect a Chair and Vice-Chair for 2025. Discussion followed.</p> <p>MOTION: Director Johnston moved, and Director Keating seconded to elect Howard Saxion as Chair of the LRAPA Board of Directors for 2025. The motion passed unanimously.</p>

<p>9. Appoint Budget Committee Members and Budget Officer.</p>	<p>Mr. Knudsen provided a summary regarding Budget Committee vacancies and expiring terms. He identified three expiring terms (Steve Schmunk, Ruth Linoz, and Dawn Kinyon) and five current vacancies across Eugene, Cottage Grove, and Oakridge. Staff recommended considering reappointments for expiring positions and appointing two new candidates: Thaddeus Carter (Oakridge position) and Zach Mulholland (Eugene position). Discussion followed.</p> <p>MOTION: Director Loveall moved, and Director Keating seconded to reappoint Steve Schmunk and Ruth Linoz and to appoint Thaddeus Carter and Zach Mulholland to the LRAPA Budget Committee. The motion passed unanimously.</p> <p>MOTION: Director Cutchen moved, and Director Loveall seconded to appoint Christina Ward as Budget Officer for 2025. The motion passed unanimously.</p>
<p>10. Partner Dues Approval.</p>	<p>Mr. Knudsen and Ms. Ward presented a staff report on Partner Dues Calculation Methodology. The report compared historical CPI rates versus Property Tax Assessment changes over the past 20 years. Discussion followed.</p> <p>MOTION: Director Loveall moved, and Director Stout seconded, to adopt the method to calculate Partner Dues using the average Lane County CPI and set the FY '26 base cost per person at \$0.54 (the FY '25 average). The motion passed unanimously.</p>
<p>11. Board Goals Approval.</p>	<p>Mr. Knudsen presented a SWOT analysis of LRAPA's goals, identifying key strengths (local presence, financial reserves), weaknesses (staff transitions, compensation challenges), opportunities (partnerships, innovation), and threats (regulatory uncertainty, wildfires, funding). The analysis connects these factors to LRAPA's sustained and accelerated goals.</p> <p>Chair Saxion requested that each goal includes target completion dates, prioritization information, and metrics to measure effectiveness. Following discussion, the Board reached consensus to direct staff to incorporate these refinements and present the revised goals for review and approval at the next Board meeting.</p>

12. Citizens Advisory Committee.	<p>Jim Daniels, Chair of the Citizens Advisory Committee (CAC), provided an overview of the January 2025 meeting and noted that Michael Koivula's CAC membership application was included in the Board packet for review.</p> <p>Mr. Daniels announced that this would be his final update to the Board, as he will be retiring soon. Future monthly updates will be provided by another CAC representative. The Board thanked Mr. Daniels for his service to LRAPA, noting his diligent and engaged participation was greatly appreciated.</p> <p>MOTION: Director Loveall moved, and Director Hensley seconded to appoint Michael Koivula to the Citizens Advisory Committee. The motion passed unanimously.</p>
13. EJG2G Update.	<p>Mr. Knudsen and Ms. Ward reported that the \$997,622 EJG2G grant program for Oakridge-Westfir smoke mitigation and health projects was paused on January 29, 2025, due to federal executive actions. LRAPA has notified partners, processed final drawdowns before system access ended February 5, and confirmed work can resume when funding returns.</p> <p>Director Plummer suggested exploring diversified funding sources, while Director Cutchen recommended limiting outstanding reimbursements to 25 percent of the grant total. Mr. Knudsen committed to providing updates, and the Board requested this item be included on each month's agenda for regular monitoring.</p>
14. Remodel Update.	<p>Lance Giles, Technical Services Manager, provided an update on the LRAPA office remodel project. The project is on schedule with a target occupancy date of early March 2025. The current contract sum is \$1,108,638 (less than 1% over original bid) with 79% (\$886,532) spent to date. Completed work includes ceiling tiles, flooring, customer service window, and various office areas.</p>
15. Directors Report.	<p>Mr. Knudsen presented an overview of the Directors Report. Items covered include air quality index data and statistics, complaint investigations, enforcement actions and civil penalties, ongoing enforcement cases, asbestos abatement notifications, permit issuances, and public outreach activities.</p>

16. Adjournment of LRAPA Board Meeting.	Chair Saxion adjourned the LRAPA Board meeting at 2:10 p.m.

Footnotes:

1. The amount for Indirect Cost Rate drawdown from Grants in the Grant Fund will be transferred periodically to the Gen Fund.
2. Payment requests for all federally funded grants are being processed bi-weekly beginning 1/28/2025 in an effort to keep our reimbursements as current as possible. This reduces our financial risk in the event that funding is frozen at the federal level.
3. The General Fund Capital Outlay expenses are currently at 62% of our budgeted spending for the fiscal year. However, this is to be expected as we near the completion of our remodel project. This line item will likely be spent in its entirety well before the end of the fiscal year.
4. The Special Fund (Title V) Materials & Services expenses are currently at 75% of our budgeted spending for the fiscal year. However, this line item is not expected to exceed the FY25 budget, as most expenses have already been incurred.

LANE REGIONAL AIR PROTECTION AGENCY MEMORANDUM

To: Howard Saxion, Chair and LRAPA Board Members

From: Christina Ward, Finance Manager

Date: March 13, 2025

Subject: FY 24 Audit Progress Update

STAFF REPORT

ISSUE STATEMENT

This staff report provides an update on the progress of LRAPA's FY 24 Audit.

BACKGROUND INFORMATION

During Fiscal Year 2024, LRAPA implemented a new financial software, Caselle. Due to the software conversion and staffing changes throughout the year, the audit is behind schedule.

PROGRESS UPDATE

LRAPA has been approved for an extension by the State of Oregon, with a new due date of 3/31/2025 for submitting our audit. We are ***no longer*** on track to meet this deadline, as it is officially tax filing season for the auditing firm and they must balance the needs of all clients when refining timelines. At this time, we know we will not complete the audit by 3/31/2025 and do not have a firm estimated completion date.

Isler CPA is the auditing firm being used and they began work on the audit during October 2024. Progress is being made at a slow but acceptable pace. The auditors will make a presentation to the board after completion of the audit, **likely in May or June of 2025.**

Staff have resolved all known issues with the accounting data in Caselle and the FY '24 books are now closed. Progress on the audit is slow, but steady.

STAFF RECOMMENDATION

This is an informational item, and no formal motion is required. Staff recommends that the Board review this progress update and provide any feedback or guidance as necessary. We will continue to keep the Board informed of any significant developments or changes to the audit timeline.

LANE REGIONAL AIR PROTECTION AGENCY MEMORANDUM

To: Howard Saxion, Chair and LRAPA Board Members

From: Travis Knudsen, Executive Director

Date: March 13, 2025

Subject: Monthly Status Update - Federal Grant Programs

STAFF REPORT

ISSUE STATEMENT

This staff report provides the ongoing status update on LRAPA's federal grant programs as directed by the Board. The report includes financial information and progress updates for the Environmental Justice Government-to-Government (EJG2G) grant and Targeted Airshed Grants (TAG) supporting work in the Oakridge-Westfir area.

BACKGROUND INFORMATION

Following the Board's direction, in light of federal administrative changes, LRAPA continues to administer federal grant programs provided that: (1) LRAPA maintains an active Terms and Conditions agreement for each grant, and (2) no more than 25% of any grant total is tied up in contractor payments or awaiting federal drawdowns.

The federal grants currently being administered include:

- **EJG2G:** \$997,622 (July 2024 – June 2027)
- **TAG 1:** \$4,938,190 (November 2019 – November 2025)
- **TAG 2:** \$2,739,425 (January 2022 – August 2026)

These grants support air quality improvement initiatives in the Oakridge-Westfir area, which has historically experienced PM2.5 nonattainment challenges. Initiatives include woodstove changeouts, home weatherization, DHP installations, smoke resilience, and health assessment programs.

FINANCIAL STATUS

EJG2G Grant

- Total grant amount: \$997,622
- Spent to date: \$36,594
- Remaining grant balance: \$961,028
- Awaiting federal reimbursement (as of 3/3/25): \$1,044
- Percentage of grant awaiting reimbursement: 0.1%

IMPORTANT UPDATE (March 7, 2025): The EJG2G grant has been suspended in the ASAP system as of March 7, 2025. LRAPA staff are awaiting further information from federal contacts regarding when and if the grant will be reopened. This suspension may impact on the agency's ability to request reimbursements until resolved.

Targeted Airshed Grant 1.0

- Total grant amount: \$4,938,190
- Spent to date: \$3,661,736
- Remaining grant balance: \$1,276,454
- Awaiting federal reimbursement (as of 3/5/25): \$17,005
- Percentage of grant awaiting reimbursement: 0.3%

Targeted Airshed Grant TAG 2.0

- Total grant amount: \$2,739,425
- Spent to date: \$342,245
- Remaining grant balance: \$2,397,180
- Awaiting federal reimbursement (as of 3/5/25): \$1,237
- Percentage of grant awaiting reimbursement: 0.04%

STAFF RECOMMENDATION

This is an informational item, and no formal motion is required. Staff recommend that the Board review this monthly progress update and note the suspension status of the EJG2G grant. Staff will provide an update on the resolution of this suspension at the next Board meeting. The agency will continue to follow the Board's direction regarding federal grant administration.

LANE REGIONAL AIR PROTECTION AGENCY MEMORANDUM

To: Howard Saxion, Chair and LRAPA Board Members

From: Travis Knudsen, Executive Director

Date: March 13, 2025

Subject: Authorization Request for LRAPA Public Comment on DEQ's 2025-27 Budget Proposal (SB 5520)

STAFF REPORT

ISSUE STATEMENT

The Oregon Department of Environmental Quality (DEQ) budget (Senate Bill 5520) will be presented to the Joint Ways and Means Natural Resources Subcommittee on April 7-9, 2025, with a public hearing scheduled for April 10, 2025. This provides LRAPA with an opportunity to offer public comment in support of DEQ's budget components that directly impact LRAPA's operations and air quality protection in Lane County. Staff are seeking Board authorization to provide such public comment.

BACKGROUND INFORMATION

LRAPA's operations are interconnected with DEQ funding and policy decisions. The DEQ budget directly impacts LRAPA's ability to fulfill its mission through:

1. Pass-through funding that supports LRAPA's programs and operations
2. Technical support and resources that enhance LRAPA's capabilities
3. Statewide policies and initiatives that affect local air quality management

SB 5520, DEQ's budget bill for the 2025-2027 biennium, is currently before the Natural Resources Subcommittee of Ways and Means. This legislation will determine funding levels for vital air quality programs that affect LRAPA's operations.

GOING FORWARD

The Joint Ways and Means Natural Resources Subcommittee will hear DEQ agency presentations on April 7-9, 2025, with public testimony scheduled for April 10, 2025.

Public comment from LRAPA would serve three key purposes:

1. Introduce the Agency to committee members and establish LRAPA's presence in the SB 5520 legislative process.
2. Highlight LRAPA's unique role as a regional air protection agency serving Lane County communities.
3. Express support for specific components of DEQ's budget that strengthen air quality protection in Ways & Means Natural Resources Subcommittee Hearing

Lane County, particularly the General Fund passthrough that enables DEQ to provide essential guidance and assistance to LRAPA.

A strong DEQ budget with support for air quality protection components will enhance LRAPA's ability to serve Lane County residents, protect public health, and maintain environmental standards.

STAFF RECOMMENDATION

Staff recommends that the Board authorize the Executive Director to provide public comment in support of DEQ's 2025-2027 budget proposal (SB 5520), specifically the components that strengthen air quality protection and support LRAPA's operations.

MOTION OPTIONS

1. Move to authorize the Executive Director to provide public comment in support of DEQ's 2025-2027 budget proposal (SB 5520), specifically focusing on components that strengthen air quality protection and support LRAPA's operations in Lane County.
2. Move to authorize the Executive Director to provide public comments in support of DEQ's 2025-2027 budget proposal (SB 5520), with specific limitations or guidance as determined by the Board.
3. Move to delay action and request additional information before authorizing or refuting public comments on DEQ's budget proposal.

LANE REGIONAL AIR PROTECTION AGENCY LRAPA GOALS

INTRODUCTION

The Lane Regional Air Protection Agency (LRAPA) is committed to protecting and enhancing air quality in Lane County, Oregon. As part of this commitment, LRAPA's Board of Directors has established a set of goals to guide the Agency's efforts in fulfilling its mission to protect public health, community well-being, and the environment.

LRAPA's Vision and Mission statements form the foundation of these goals:

Vision: *Community partners working together to ensure clean air for everyone.*

Mission: *To protect public health, quality of life and the environment as a leader and advocate for the continuous improvement of air quality in Lane County.*

This document outlines LRAPA's strategic goals organized according to the Balanced Scorecard framework, which ensures a thorough approach to performance management across four key perspectives:

- I. **Customer/Stakeholder Perspective:** Focuses on the outcomes for the public, regulated entities, and partner agencies served.
- II. **Internal Process Perspective:** Addresses the critical operational processes to find efficiencies and improvements.
- III. **Learning & Growth Perspective:** Concentrates on employee skills, technology, and organizational culture.
- IV. **Financial Stewardship Perspective:** Ensures responsible management of financial resources.

Each goal is accompanied by specific performance measures and initiatives, providing a clear roadmap for LRAPA's activities and a framework for measuring success.

I. CUSTOMER/STAKEHOLDER PERSPECTIVE

GOAL 1: Public Health Protection and Air Quality Education

Protect public health through air quality initiatives and foster community engagement via educational programs, prompt response to public concerns, and efforts to ensure equitable protection from air pollution for all communities.

Performance Measures

Lag Indicators	Lead Indicators
<ul style="list-style-type: none">- % of days in "Good" or "Moderate" AQI categories by monitoring location (target: 95% annually)- Number of days with PM2.5 or PM10 exceeding NAAQS 24-hour standards (target: 0)- % of complaints responded to (target: 95%)	<ul style="list-style-type: none">- Number of educational events/programs conducted quarterly (target: 2 per quarter)- Number of wood heating advisories issued (target: prior to 150 AQI in metro)- Email listserv growth (target: >3% increase annually)

Initiatives

- Implement and maintain home wood heating advisory programs in Eugene-Springfield and Oakridge, tracking issuance of Yellow/Red advisories and compliance rates.
- Conduct the outdoor burning program, providing advisories and effectively abating violations, measured by number of complaints and resolutions.
- Respond promptly and effectively to citizen complaints, tracking response and resolution rate.
- Prepare and distribute informational materials about air quality and LRAPA's role, measuring reach and engagement.
- Regularly assess public attitudes about LRAPA and air quality through surveys and community feedback.
- Provide air quality information and educational programs to schools and youth organizations, tracking number of presentations and engagements.
- Provide asbestos information to homeowners with remodeling projects, monitoring proper notification rates.
- Implement PM maintenance strategies for Eugene/Springfield and Oakridge, measuring effectiveness through air quality monitoring.
- Maintain LRAPA website with accurate and timely information, tracking user metrics and web traffic.
- Communicate through various channels to keep stakeholders informed, measuring messages published and engagement.
- Develop and carry out seasonal and intermittent programs.
- Ensure fair environmental standards across all neighborhoods, monitoring complaint and enforcement distribution geographically.
- Execute comprehensive community engagement and education programs in Oakridge-Westfir.

GOAL 2: Enhanced Wildfire Smoke Preparedness

Address the increasing threat of wildfire smoke intrusions to public health in Lane County through public education, collaboration with local jurisdictions, and enhanced monitoring and communication during wildfire events. In addition to seeking funding avenues which directly support this new and growing smoke management service need.

Performance Measures

Lag Indicators	Lead Indicators
- Response time to publish smoke advisories during events (target: before 1pm on days needed)	- Maintain LRAPA supporter commercial air sensors in Lane County (target: approximately 75) - State smoke advisory engagement (target: 100% participation)

Initiatives

- Develop education programs on wildfire smoke impacts and mitigation, measuring program delivery and participant knowledge retention.
- Collaborate with local jurisdictions on wildfire smoke response plans, tracking plan development and adoption.
- Seek funding for wildfire-related air quality initiatives, measuring grant applications submitted and funding secured.
- Enhance monitoring and communication during wildfire events, measuring timeliness of advisories and community reach.
- Implement and evaluate the Building Community Resiliency to the Hazards of Smoke and Wildfires project in Oakridge-Westfir, tracking implementation milestones and community preparedness indicators.
- Support the implementation of Smoke Community Response Plans in Lane County, measuring plan activation and effectiveness during smoke events.

II. INTERNAL PROCESS PERSPECTIVE

GOAL 3: Public Health Protection and Air Quality Education

Ensure compliance with National Ambient Air Quality Standards (NAAQS) and other health-based benchmarks, manage air quality permits for regulated sources, and implement best practices in emissions control, balancing economic development with environmental protection through rigorous permitting processes.

Performance Measures

Lag Indicators	Lead Indicators
<ul style="list-style-type: none">- % of area in compliance with NAAQS standards (target: 100%)- % of permits issued within target timeframes (target: 90%)- Permit backlog rate (target: <20%)	<ul style="list-style-type: none">- Number of annual Full Compliance Evaluations completed vs. EPA committed (target: 100%)- % of enforcement actions resolved within 6 months (target: 80%)

Initiatives

- Maintain compliance with the carbon monoxide, PM10/PM2.5, and ozone NAAQS through implementation of the Indirect Source Permitting Program, reviewing conformity findings in transportation plans, updating emissions inventories, and developing SIP amendments as needed. Success measured by maintaining attainment status and tracking trends in emissions inventories.
- Prepare and issue Air Contaminant Discharge Permits (ACDPs) and Title V permits within established timeframes, measuring permit processing time and monthly backlog rate.
- Conduct thorough New Source Review (NSR) and Prevention of Significant Deterioration (PSD) evaluations.
- Implement top-down procedures to establish Best Available Control Technology (BACT).
- Update LRAPA rules for NSR/PSD/PSEL and other air quality programs as needed.
- Conduct compliance verification and enforcement actions for permitted sources, measuring inspection frequency, violation rates, and resolution timing.
- Implement the Compliance Assurance Agreement with EPA, tracking deliverables and maintaining EPA approval status.
- Report Significant Violators to EPA as required, ensuring 100% compliance with reporting requirements.
- Revise permits to correct discovered deficiencies.
- Operate the asbestos program including inspections and rule updates, tracking notification volume, inspection rate, and compliance levels.
- Implement the Oregon Toxic Air Contaminant program, Cleaner Air Oregon.
- Include 112(r) accidental release prevention program requirements for Title V sources.
- Implement and manage the Outdoor Burn Letter Permit program, tracking permit issuance.
- Implement and monitor the effectiveness of Targeted Airshed Grant programs in Oakridge-Westfir, measuring PM reductions and home interventions.

GOAL 4: Regional Air Monitoring and Analysis

Collect, analyze, and report comprehensive air quality data across Lane County to inform policy decisions, alert the public, and track long-term air quality trends.

Performance Measures

Lag Indicators	Lead Indicators
<ul style="list-style-type: none">- % data completeness for monitoring network (target: >95%)- Timeliness of data reporting to the public and EPA (target: 100% on schedule)	<ul style="list-style-type: none">- % of monitors calibrated on schedule (target: 100%)- % uptime for real-time data systems (target: 98%)- Number of monitoring site quality assurance audits completed vs. EPA committed (target: 100%)

Initiatives

- Operate and maintain a criteria pollutant network in partnership with ODEQ, measuring data completeness and reliability metrics.
- Implement Quality Assurance/Quality Control (QA/QC) programs, tracking audit results and corrective action completion.
- Perform network validation studies and modify as needed.
- Conduct State Implementation Plan monitoring, measuring data capture rates and trend analyses.
- Perform supplemental/investigative monitoring as necessary.
- Conduct monitoring to characterize air toxics in Lane County, measuring data completeness and identifying trends.
- Provide appropriate monitoring in support of daily AQI for criteria pollutants, measuring timeliness of reporting and data availability.
- Provide routine air monitoring data to the public on a real-time basis, tracking website uptime and data delivery metrics.
- Operate and maintain Toxics Monitoring Site in West Eugene, measuring data completeness and operational performance.

GOAL 5: Partnerships and Interagency Coordination

Build and maintain strong relationships with various stakeholders, including industry, local jurisdictions, and community groups, to foster collaboration, improve communication, and ensure that LRAPA's work is responsive to community needs and concerns.

Performance Measures

Lag Indicators	Lead Indicators
<ul style="list-style-type: none">- Number of industry outreach initiatives completed annually (target: 1 per year)- Number of community outreach initiatives completed annually (target: 1 per year)- Number of partner outreach engagements completed annually (target: 5 per year)	<ul style="list-style-type: none">- Diversity of inter-agency meetings attended (target: prioritize local, then state, then federal engagements)- Number of monitoring site quality assurance audits completed vs. EPA committed (target: 100%)- Communication frequency with key stakeholders (target: Quarterly communication)- Number of council presentations delivered (target: 1 per jurisdiction annually)

Initiatives

- Participate in interagency transportation and land use planning processes.
- Actively participate in regional collaborative groups including the Lane Regional Climate Collaborative (LRCC), Northwest Air Quality Communicators (NWAQC), and National Association of Clean Air Agencies (NACAA), tracking attendance and outcomes.
- Support and coordinate programs with local governments to curtail and prevent air pollution.
- Consult with federal agencies on general conformity findings for major federal projects.
- Work with permitting agencies to provide public information on LRAPA rules.
- Participate actively in regional climate and air quality initiatives.
- Work jointly with ODEQ and local legislators on budget requests, tracking secured funding and relationship strength.
- Review Oregon Revised Statutes (ORS) on regional air authorities and propose revisions as needed, documenting review completion and improvement proposals.
- Cooperate and advocate on environmental issues of mutual interest not under LRAPA's direct control.
- Engage with permitted sources to educate and inform on regulatory requirements.
- Participate in multi-agency public education and pollution prevention efforts.
- Collaborate with the Rivers to Ridges partnership on controlled ecological burns, assessing planning participation and air quality management during events.
- Engage with local fire management agencies, conservation organizations, and indigenous groups to support responsible use of fire as a land management tool.
- Collaborate with local partners, including South Willamette Solutions, to implement the Oakridge Air program and related initiatives.

III. LEARNING & GROWTH PERSPECTIVE

GOAL 6: Organizational Excellence and Operational Efficiency

Strengthen LRAPA's internal systems, workflows, and operational capacity through technology integration, process improvement, and staff development to enhance organizational effectiveness and service delivery.

Performance Measures

Lag Indicators	Lead Indicators
<ul style="list-style-type: none">- Employee satisfaction/engagement scores (target: 85% satisfaction)- Staff retention rate (target: >85% annually)- % completion of internal systems modernization (target: 100% of planned upgrades, e.g. LINFO)	<ul style="list-style-type: none">- Number of staff professional development training completed (Target: 2 per staff per year)- Number of staff utilizing advancing technologies in workflows (target: > 50%)

Initiatives

- Identify and address workflow bottlenecks through process mapping and staff feedback.
- Implement a staff development program focusing on technical expertise, leadership skills, and cross-training.
- Develop a succession planning strategy to assure knowledge transfer of protocols for key positions.
- Update the document management system with standardized filing conventions and updated retention policies.
- Integrate advancing technologies into the organization's workflows to enhance efficiency, including tools for data analysis, automated reporting, and mobile field capabilities.
- Assess regular cross-departmental collaboration to improve information flow and shared understanding of operational priorities, collect staff feedback to judge process efficiency.
- Create and maintain clear standard operating procedures (SOPs) for all critical agency functions.
- Host regular after-action reviews for major projects and initiatives to capture lessons learned and continuously improve operations.

IV. FINANCIAL STEWARDSHIP PERSPECTIVE

GOAL 7: Financial Sustainability and Transparency

Ensure LRAPA's long-term financial stability and improve fiscal transparency through diversified funding sources, robust financial management practices, and clear communication of financial decisions to stakeholders.

Performance Measures

Lag Indicators	Lead Indicators
<ul style="list-style-type: none">- Reserve fund supporting annual operating budget (target: 4 months)- Budget variance (target: within 10% of planned)	<ul style="list-style-type: none">- Number of financial reports provided to Board & public (target: monthly to Board)- Audit completed before state deadline (target: Dec. 31)

Initiatives

- Develop and implement an updated cost allocation model for the organization, reviewing and improving accuracy of allocations.
- Review, update, and implement financial management practices and reporting, judging with audit timeliness and completeness of reports.
- Increase Board and regulatory involvement and awareness of annual fee increases set by rule, tracking Board engagement and stakeholder communication.

V. PERFORMANCE MANAGEMENT AND REPORTING

To ensure continuous improvement and accountability, LRAPA will:

1. **Measure Performance:** Track progress on all metrics and report to the Board in the director's report.
2. **Conduct Reviews:** Annually assess the relevance and effectiveness of goals, measures, and initiatives, with the Board, adjusting as needed.
3. **Link Budget to Strategy:** Ensure resource allocation decisions are directly tied to strategic priorities.
4. **Communicate Results:** Share performance results with the Board, and additional stakeholders through the website, annual reports, and community presentations.
5. **Cascade Goals:** Align individual and team performance plans with organizational goals.

This Balanced Scorecard approach will help LRAPA maintain focus on its mission while ensuring detailed assessment of all factors critical to success. By balancing attention across customer needs, internal processes, organizational learning, and financial stewardship, LRAPA will enhance its ability to improve air quality in Lane County and protect public health.

Subject: Office Remodel Project Final Report

STAFF REPORT

ISSUE STATEMENT

This final staff report provides a comprehensive overview of LRAPA's office remodel project, which was initiated in July 2023, approved by the Board in July 2024, and completed in February 2025. The report summarizes the project's background, key milestones, challenges, financial outcomes, and benefits to the agency.

BACKGROUND INFORMATION

In July 2023, a capital improvement project was first presented to the Board as part of a Board-approved goal to evaluate the Agency's infrastructure. The evaluation identified the need for significant upgrades to LRAPA's office building at 1010 Main St. Springfield, OR 97477, which was originally built in 1979 as a SELCO Community Credit Union and acquired by LRAPA in 1998.

The assessment revealed several critical issues with the existing building:

- Inadequate public meeting room with limited capacity and technology
- Lack of flexibility in office use
- Outdated work environment affecting staff productivity and morale
- HVAC system deficiencies causing inconsistent climate control
- Safety concerns with the front entryway
- Inefficient visitor service area
- Poor grouping of related staff functions
- Insufficient breakroom facilities
- Restrooms not fully ADA compliant

The Board unanimously approved moving forward with 35% of the design fee in July 2023, and in December 2023, the Board approved continuing the project utilizing a fund transfer from the closed AirMetrics enterprise fund for financing.

PROJECT DEVELOPMENT AND APPROVAL

The Agency considered multiple options, including relocating to a new facility through purchase or lease. However, after assessment, improving the existing and owned building was determined to be the most cost-effective approach.

Cost analysis of alternatives showed:

- Lease rates in the area: \$1-\$2.50 per ft²/month
- Annual lease costs for similar space: \$74,000-\$180,000
- Purchase cost for similar building: \$1.5-\$3 million
- Additional renovation expenses would still be necessary with either option

LRAPA contracted with GMA Architecture to create a preliminary design and provide cost estimates. The project scope was carefully defined to maintain the existing building footprint while addressing all critical needs, resulting in more efficient use of space and improved functionality.

On July 11, 2024, the Board approved Resolution 24-05, accepting the bid from Proper Built Inc. in the amount of \$1,099,000.00 for the LRAPA office remodel project.

PROJECT TIMELINE

The remodel project progressed through the following key phases.

Planning and Approval Phase:

- July 2023: Initial project presentation and approval of design fee
- December 2023: Project financing approach approved
- May 2024: Bidding process initiated
- June 2024: Pre-bid walkthrough conducted
- July 2024: Board approved Proper Built Inc.'s bid

Construction Phase:

- August 2024: Demolition work commenced
- August-September 2024: Asbestos abatement completed
- September-October 2024: Framing and rough-in work
- November 2024: Mechanical and electrical rough-in
- December 2024: Sheetrock installation and texturing
- January 2025: Interior painting and finishing work
- February 2025: Final systems installation and testing
- March 2025: Project completion and staff return to building

Throughout construction, staff were temporarily relocated to ensure continuity of operations, working from the Lane County Government Public Service Building with laptops equipped with VPN functionality.

CHALLENGES AND SOLUTIONS

As with most large-scale renovations, unforeseen challenges arose during construction. Minor water intrusion in the southeast and southwest corners was promptly recognized and addressed, and floor damage and repair discovered during carpet removal was addressed.

More significant issues included a roof leak, requiring a separate maintenance project, and a major water main leak caused by tree roots, which took immediate repair.

Change orders optimized the remodel, addressing and air-line removal, plumbing modifications, floor register patching, door revisions, and the elimination of a drinking fountain. Some changes led to cost savings, such as credit for retaining a mezzanine storage floor and reusing a roof access ladder.

Proper Built Inc. was a strong partner and efficiently managed challenges through documentation, approvals, and regular progress meetings, ensuring minimal impact on the timeline and budget. Value engineering identified \$28,683 in savings, helping offset necessary additions like \$13,971 for floor underlayment.

1099

FINANCIAL OUTCOMES

The project was completed with strong financial discipline, maintaining budget efficiency.

- **Minimal Budget Variance:** The total cost, as of 03/04/2025, is approximately \$1,119,735 which is 1.8% or \$20,725 over the original \$1,099,000 contract.
- **Effective Cost Management:** Careful handling of change orders and value engineering kept expenses in check.
- **Separate Roof Cost:** The \$35,121 roof replacement was funded separately, avoiding impact on remodel finances.
- **Budget Compliance:** Total spending stayed well within the \$1,290,000 FY'25 allocation, which included a 17% contingency recommended by the architect.
- **Financial Oversight:** Regular board reporting ensured transparency, with each change order evaluated to remain within contingency limits while maximizing cost-saving opportunities.

IMPROVEMENTS DELIVERED

The renovations transformed LRAPA's facility, delivering improvements in functionality, comfort, and efficiency.

- A modernized public meeting room with advanced technology, enabling better community engagement.
- Updated office layout with an additional meeting room and collaborative central space.
- Upgraded HVAC system featuring 2-stage heat pumps and ceiling fans for improved climate control and energy efficiency.
- Enhanced front entryway with improved security and a customer service window
- Fully ADA-compliant restrooms.
- Redesigned visitor service area for more professional and streamlined experience.
- Improved grouping of staff functions to improve team communication and collaboration.
- A new breakroom provides a dedicated staff relaxation area.
- Energy-efficient LED lighting to reduce long-term operational costs.
- Replacement flooring addressing previous wear and improving aesthetics.
- Completed roof replacement eliminating water intrusion concerns.

These improvements create a more productive, welcoming, and sustainable workplace that will serve LRAPA staff and the public effectively for years to come.

FUTURE PLANNING

With the completion of the renovations, LRAPA plans to showcase the improvements and strengthen community connections with an open house event. Over the summer of 2025, the Agency will invite the public, partners, and Board members to tour the renovated facilities.

This effort will demonstrate the local investment in air quality governance to stakeholders, provide an opportunity for the public to meet LRAPA staff and learn about our services, showcase the improved meeting facilities available for community engagement, highlight how we work and LRAPA's in our mission to protect air quality.

STAFF RECOMMENDATION

This is an informational item, and no formal motion is required. Staff appreciate the Board's approval and support of this undertaking. The project represents a significant investment in the Agency's infrastructure that enhances operational efficiency, staff productivity, and service delivery to the public while maintaining fiscal responsibility.

The modernized facility will serve LRAPA and Lane County for many years to come, providing an improved workplace for staff and a more accessible and functional environment for public engagement.

ENFORCEMENT ACTIONS DETAIL REPORT

2/1/2025 -- 2/28/2025

Report of open and actions initiated since last report

NEW ENFORCEMENT ACTIONS IN THE CURRENT PERIOD:

1. ATEZ, INC. (CRESWELL)
 - A. Violation: Respondent conducted an asbestos abatement and failed to adequately clean the project site to assure removal of all asbestos debris at conclusion of the abatement project and failed to provide property warning signage posted at the project site.
 - B. Initial Action Taken: NON #3913 issued 02/25/2025
 - C. Subsequent Action: NCP #2024-3913 (\$1,400) issued 02/25/2025
 - D. Resolution: PENDING

PENDING WITH SUBSEQUENT ACTION IN THE CURRENT PERIOD:

1. SPADES ENVIRONMENTAL (EUGENE)

- A. Violation: Conducted an asbestos abatement of asbestos containing material (ACM) without a proper enclosed area [LRAPA Title 43 Section 43-015(11)(F)(4)] and open accumulation of friable asbestos containing materials [LRAPA Title 43 Section 43-010(1)] at 2155 Brittany Street, Eugene, Oregon. This resulted in open accumulation of ACM outside of the containment area.
 - B. Initial Action Taken: NON #3911 issued 1/10/2025
 - C. Subsequent Action: NCP #2024-3911 (\$1,800) issued 1/10/2025: request for reduction approved and reduced to \$1,000 issued 2/24/2025 and payment due 3/17/2025
 - D. Resolution: PENDING
2. INTERNATIONAL PAPER (SPRINGFIELD)
- A. Violation: Between January 23, 2024, and June 30, 2024, International Paper Company failed to implement monitoring required by Title V Operating Permit #208850, issued January 23, 2024. It is alleged that the additional monitoring requirements were not implemented when the permit was issued and the required monitoring was not performed for the first (6) six months of 2024 (1/23/2024 - 6/30/2024).
 - B. Initial Action Taken: NON #3920 issued 1/30/2025
 - C. Subsequent Action: NCP #2024-3920 (\$9,000) issued 1/30/2025; request for reduction under review 2/20/2025
 - D. Resolution: PENDING

PENDING ENFORCEMENT ACTIONS:

1. T.J. ROBBINS (FALL CREEK)
- A. Violation: Allowed for the outdoor burning of prohibited materials (machine parts, aerosol can, metal wire, canned food containers, etc.).
 - B. Initial Action Taken: NON #3907 issued 09/06/2024
 - C. Subsequent Action: NCP #2024-3907 (\$275) issued 09/06/2024: no response and no payment received; a default order judgment is in process for a lien on the property
 - D. Resolution: PENDING
2. DUST 2 DIAMONDS, LLC (SPRINGFIELD)
- A. Violation: Performed an asbestos abatement project without possessing a license to perform asbestos abatement; openly accumulated friable asbestos-containing materials.
 - B. Initial Action Taken: NON #3908 issued 09/06/2024
 - C. Subsequent Action: NCP #2024-3908 (\$8,400) issued 09/06/2024: request for reduction under review.
 - D. Resolution: PENDING
3. A & K DEVELOPMENT CO, PAC METAL FAB (JUNCTION CITY)
- A. Violation: Failed to notify LRAPA prior to the construction of a new stationary source in accordance with LRAPA Rules and Regulations Section 34-010(1)(a); operating an air contaminant source which is listed in Section 37-8010 Table 1 without first obtaining and ACDP from LRAPA in accordance with LRAPA 37-0020(3).
 - B. Initial Action Taken: NON #3903 issued 05/30/2024
 - C. Subsequent Action: PENDING – documents submitted by 9/20/2024 under review
 - D. Resolution: PENDING

4. PETROCARD INC (GOSHEN) (GOSHEN)
 - A. Violation: The permittee failed to submit in a timely manner performance testing records to LRAPA which demonstrate compliance with vapor testing requirements outlined in permit conditions 5.1.a and 5.1.b. On 2/25/2022 the permittee was notified by LRAPA that they had exceeded the annual throughput threshold of 480,000 gallons of gasoline in 2019 and were therefore subject to the vapor recovery testing requirements outlined in the permit. On 4/8/2022 LRAPA was advised that vapor recovery testing could not be completed since the lines were manifolded and the issue was escalated to construction to isolate the lines. On 7/7/2022 LRAPA called and emailed the permittee requesting an update. On 8/2/2022 LRAPA called and emailed the permittee requesting an update. Permittee responded advising that they were still working to fix the issue. On 10/5/2022 LRAPA emailed the permittee requesting an update. On 10/26/2022 LRAPA called and emailed the permittee requesting an update.
 - B. Initial Action Taken: NON #3872 issued 11/03/2022
 - C. Subsequent Action: NCP #2022-3872 (\$3,000) issued 12/08/2022: submitted the test results over 12-month late, therefore the request for reduction was not approved. No response to payment has been received, a default order judgment is in process for a lien on the property.
 - D. Resolution: PENDING
5. JOHN A. RANKIN AND STEVE FOWLKES (SPRINGFIELD)
 - A. Violation: 43-015(10)- ASBESTOS ABATEMENT NOTIFICATION REQUIREMENTS. Except as provided for in 43-015-8, written notification of any asbestos abatement project must be provided to the Agency on a form prepared by and available from the Agency, accompanied by the appropriate fee; 43-015(11)(C)- Enclose the area of the asbestos-containing materials to be abated, in a negative pressure enclosure prior to abatement unless prior approval has been granted by the agency; 43-015(11)(G)- The asbestos abatement project area shall be adequately cleaned at the conclusion of the project to assure removal of all asbestos debris; 43-015(11)(N)- Open storage or open accumulation of friable asbestos-containing material or asbestos containing waste material is prohibited; 43-015(11)(P)- No person shall conduct an asbestos abatement project unless they possess a current asbestos abatement Contractors license or worker's certification, issued by the Department under OAR 340-248-040 or OAR 340-248-0120 and OAR 340-248-0130, respectively, unless exempted by 43-015-8 and/or 43-015-9; 43-015(11)(S)- A certified supervisor is required to be present on each asbestos abatement project other than a small-scale short-duration activity; 43-015(11)(T)- An owner or operator of a facility shall not allow any persons other than those employees of the facility owner or operator who are appropriately certified or a licensed asbestos abatement contractor to perform an asbestos abatement project in or on that facility unless exempted by 43-015-8 or 43-015-9; 43-015-19(B)- Persons disposing of asbestos-containing waste material must notify the landfill operator of the type and volume of the asbestos-containing waste material; 43-015(19)(B)(1)- All asbestos-containing waste materials must be adequately wetted to ensure that they remain wet until delivered to an authorized landfill, and either: (a) processed into non-friable pellets or other shapes; or (b) packaged in leak-tight containers such as two plastic bags with a minimum thickness of 6 mil., or fiber or metal drum. Containers must be labeled as follows: (i) the name of the asbestos waste generator and the location where the asbestos waste was generated; and (ii) a warning label that states: DANGER Contains Asbestos Fibers Avoid Creating Dust Cancer and Lung Disease Hazard Avoid Breathing Airborne Asbestos Fibers Alternatively, warning labels specified by 29 CFR 1926.1101(k)(7)(8/19/94) may be used; 43-105(19)(E)- All asbestos-containing waste material must be deposited as soon as possible by the waste generator at: (1)

An asbestos-containing waste disposal site authorized by the Department and operated in accordance with the provisions of this rule;

- B. Initial Action Taken: NON #3877 issued 03/06/2023
- C. Subsequent Action: NCP #2023-3877 (\$10,400) issued 03/06/2023: request for reduction approved and reduced to \$5,200 on 04/19/2023 with a payment schedule of \$400 per month with a balance due of \$800; December 2024 payment is late, issued late notice a request for payment reminder.
- D. Resolution: PENDING

6. KYLE MCLENNAN, BRUCE R MCLENNAN (VENETA)

- A. Violation: Failure to obtain an asbestos survey from an accredited asbestos inspector prior to conducting the demolition of a facility; Burning construction/demolition waste without first obtaining an LRAPA letter permit.
- B. Initial Action Taken: NON #3880 issued 04/11/2023
- C. Subsequent Action: NCP #2023-3880 (\$3,650) issued 04/11/2023; no response and no payment received; a default order judgment is in process for a lien on the property
- D. Resolution: PENDING

7. APRO LLC DBA UNITED PACIFIC ROCKET # (SPRINGFIELD)

- A. Violation: The permittee failed to submit performance testing records to LRAPA which demonstrate compliance with triennial vapor testing requirements outlined in permit conditions 5.0. Permittee last submitted testing results relative to conditions 5.1.a and 5.1.b on February 4th, 2020, and therefore is required to have testing conducted by February 4th, 2023. Condition 7.1.c of the permit requires notification of upcoming testing be submitted to LRAPA and condition 7.2 requires test results be submitted to LRAPA no later than 30 after testing has occurred.
- B. Initial Action Taken: NON #3886 issued 04/25/2023
- C. Subsequent Action: NCP #2023-3886 (\$2,250) issued 06/12/2023: no response and no payment received; a default order judgment is in process for a lien on the property
- D. Resolution: PENDING

8. SEALS, MARK (ELMIRA)

PUBLIC EVENTS AND OUTREACH

Cottage Grove Leadership Meeting (Feb. 14th, Cottage Grove)

Travis Knudsen and Matt Sorensen met with Faye Stewart, former LRAPA Board Member and current City of Cottage Grove Public Works & Development Director, as well as Mike Sauerwein, Cottage Grove City Manager, to discuss the existing partnership between LRAPA and the City of Cottage Grove. Discussion surrounded the upcoming LRAPA presentation to the primarily new City Council scheduled for April 14th at 7pm. The presentation will note the long-standing partnership and highlight aspects of air regulation for City Council for a strong basic understanding of LRAPA and the value and return on investment LRAPA delivers to Cottage Grove.

Lane County Air Quality Collaborative for Schools and Child Care Centers (Feb. 14th, OHA Office Eugene)

This collaborative comprised of staff from Oregon Health Authority, Dept. of Human Services, Oakridge Air, and LRAPA are partnering to develop materials and guidance for child serving groups i.e. schools and child care or head start, that is clear and simple enough for staff to implement during wildfire smoke events and help protect indoor air quality and the health of kids and staff. The materials are nearly complete and if they prove helpful in Oakridge, they will be shared with other school districts and childcare facilities in Lane County.

Lane County Community Wildfire Protection Plan (CWPP) Environmental and Public Health Workgroup (Feb. 19th and Mar. 12th, Virtual)

Matt Sorensen continued representing LRAPA on the CWPP, specifically the Environmental and Public Health committee. The goal of the workgroup is to ensure there is adequate thought built into the plan regarding

messaging and warning systems to the community during air quality impacts from wildfire smoke. This workgroup will continue monthly through June.

J.H. Baxter Communication Meeting (Feb. 20th, Virtual)

Matt Sorensen is representing LRAPA in this group. This monthly meeting between EPA, DEQ, and LRAPA is held to discuss ongoing cleanup efforts at J.H. Baxter. EPA will become the lead agency as they try to get the site approved as a superfund site after the Time Critical Removal Action. The LRAPA approved asbestos work is fully underway and the contractor is removing asbestos from the three large retort tanks. Visit https://response.epa.gov/site/site_profile.aspx?site_id=15559 for details and pictures on the project.

Oregon Particulate Matter and Smoke Coordinators Annual Meeting (Feb 25th & 26th, Virtual)

Hosted by DEQ, this meeting touched on aspects of regulating particulate matter (PM) and National Air Quality Standards (NAQS) and its impacts on Oregon remaining in attainment. Numerous LRAPA staff participated. There were presentations on home wood heating, air monitoring, wood stove certification, prescribed burns, and ample opportunity for questions and connecting LRAPA staff with DEQ staff.

Lane County Land Management Division LRAPA Presentation (Feb 25th, Land Management Office, Eugene)

Max Hueftle, Travis Knudsen, and Matt Sorensen delivered a presentation to over 24 Lane County Land Management staff. The presentation highlighted LRAPA's steps to initiate and process air permits in Lane County, noting it requires a Land Use Compatibility Statement (LUCS) from the appropriate municipality or County to proceed. The presentation also touched on Cleaner Air Oregon and its role in protecting citizens from hazardous air pollution. An additional callout was the impacts from businesses that may require an air permit but are not regulated by LRAPA, like semi traffic, diesel emissions, sound, and some levels of odor. Each of these issues were noted as being big concerns shared with LRAPA by community members. LRAPA emphasized our willingness to partner with Lane County Land Management to establish a refined process to address these challenges.

Spring Outdoor Burning Opened March 1st (March 1st, Lane County)

Matt Sorensen organized materials and notifications to remind all of Lane County that the Spring Outdoor Burning was beginning on March 1st. Media releases were picked up by KMTR and KEZI on Friday 2/28 and highlighted the best practices and rules surrounding outdoor burning.

LRAPA Move Office Back to Springfield (March 5th, Springfield)

Amanda Atkins and Matt Sorensen partnered with Lane Giles to help coordinate the move from Eugene back to the remodeled Springfield office. This included communications and supplies for packing and timing activities to minimize operational disruptions. The moving company did the heavy lifting of items on Wednesday 3/5. On Thursday there was an all staff meeting and celebration including lunch at the Springfield office and lots of work moving into the new space. On Monday 3/10 the remaining items that were kept in pods during the remodel were delivered to LRAPA and will take a few weeks to get them properly sorted and stored in the office.

Lane County Home Show- Lane Pollution Prevention Coalition P2C (Mar. 7th to 9th, Lane County Fairgrounds)

Travis Knudsen, Robbye Robinson, and Matt Sorensen represented LRAPA at the Lane County Home Show alongside Lane Pollution Prevention Coalition partners. Community members had opportunities to ask questions, spin a prize wheel, and take informational brochures. LRAPA provided swag items for prizes and a Winix HEPA air purifier for one of the bigger raffle items. Over 1,000 people visited the booth over the three days and it provided ample opportunity to share LRAPA's work with Lane County residents.

Springfield Chamber Meeting (Mar. 10th, Springfield)

Travis Knudsen and Matt Sorensen met with Springfield Chamber President Vonnie Mikkelsen and Senior Director Paige Sharpe to discuss collaboration between LRAPA and the Springfield Chamber. Our goal is to develop a strong relationship with the chamber to maximize our brand and community awareness and particularly with businesses.
