

**Title V Operating Permit Program
Excess Emissions Notification**

R1006

Instructions: Pursuant to the Excess Emission Rules (LRAPA Title 36 – Excess Emissions), Title V sources must notify LRAPA of excess emissions immediately, within 1-hour of the beginning of an excess emissions event, unless otherwise specified in a permit condition. This form is provided for the immediate notification of an excess emissions event. Complete one form for each excess emissions event and submit it to the LRAPA office.

Title V sources are also required to submit an Excess Emissions Report within 15 days of the excess emissions event. A separate form is provided for the Excess Emissions Report (Form R1007).

Facility name:				
Permit number:				
Date and time excess emissions began:				
Date and time LRAPA notified:				
Name of LRAPA person contacted:				
Name of person notifying LRAPA:				
Method of notification (e.g., phone, fax):				
Describe excess emissions or upset:				
Excess emissions could endanger public health (yes/no):				
Unplanned excess emissions (yes/no):				
If planned, date of LRAPA plan approval:				
Operators(s) on duty:				
Equipment involved:				
Cause: (Check where appropriate)	Process Startup:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	Process Shutdown:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	Scheduled Maintenance:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	Breakdown:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	Malfunction:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	Emergency:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	Fuel Problem:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (describe):				
The duration or best estimate of the time until return to normal operation:				
Magnitude (pounds) of excess emissions over normal rates (based on continuous monitoring data or estimate?):				
Describe steps taken to mitigate emissions and corrective action taken:				
Describe efforts made to minimize amount/duration of emissions:
