

Actual Volatile Organic Compounds Emissions Using Material Balance

FORM F1104

1. Reporting year:				
2. Facility name:			3. Permit number:	
4. Emissions of VOC from paints, coatings, inks and solvents by emission source				
a. Device or process ID				
b. Name of paint, coating, ink or solvent				
c. Quantity used (gal)				
d. Density (lbs/gal)				
e. VOC content				
f. VOC recovered and consumed (before control device) (gal)				
g. VOC waste (before control device) (lbs)				
h. Quantity of VOC emissions (uncontrolled) (lbs)				
i. Efficiency of control device				
j. Quantity of VOC emissions (no control device or after control device) (lbs)				
k. VOC recovered and consumed (no control device or after control device) (lbs)				
l. VOC waste (no control device or after control device) (lbs)				
m. Actual quantity of VOC emissions (lbs)				
n. Actual quantity of VOC emissions (tons)
