

Actual Sulfur Dioxide Emissions from Fuel Burning Using Material Balance

FORM F1105

1. Reporting year:						
2. Facility name:				3. Permit number:		
4. Emissions of sulfur dioxide by emission source and fuel type						
a. Device or process ID	b. Fuel type	Quantity of fuel burned		e. Sulfur content of fuel (wt. fraction)	f. Sulfur content method	g. Total SO ₂ emissions (tons)
		c. Common units	d. Tons			
h. Total SO ₂ emissions from fuel burning (tons):						
5. Form F1105 page ____ of ____
