The program of this Agency for the control of air pollution shall be undertaken in a progressive manner, and each of its objectives shall be sought to be accomplished by cooperation and conciliation among all the parties concerned.

Section 11-010 Construction and Validity

These rules are not intended to permit any practice which is a violation of any statute, ordinance, order or regulation of this Agency or any other governmental unit and no provision contained in these Rules is intended to impair or abrogate any civil remedy or process, whether legal or equitable, which might otherwise be available to any person.

These rules are not intended to apply to the air quality requirements for the workroom atmosphere necessary to protect an employee's health from contaminants emitted by his employer, nor are they concerned with the occupational health factors in an employer-employee relationship.
